Ref: Proposed Paramax Plant Construction
Wrens, GA

Mr. Capp:

I am adamantly opposed to the construction of the Paramax project in Wrens, GA, for several reasons, including health, property value, quality of life, truck traffic, ground water, surface water, and air quality.

I was raised on a family farm adjacent to the project, on the downwind and downstream side. This farm will always remain in our family and I am Opposed to this project.

Regards/ Respectfully submitted
William A. Dye Jr. Re: Ocala Rd, Wrens, GA
