ENVIRONMENTAL PROTECTION DIVISION
PUBLIC ADVISORY
WATERSHED PROTECTION BRANCH

July 23, 2015
Advisory Issue Date

Forsyth County
City/County

August 24, 2015
Advisory Close Date

BV-058-15-02
Control Number

Eagle Point Landfill-Horizontal Expansion
Activity

This advisory is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1152 East, Atlanta, Georgia 30354

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(A-J)}: H

Description and Location of Proposed Activity:

Applicant proposes to impact 1,378.7 linear feet (71,561 ft^2) of stream and buffer along three unnamed tributaries to the Etowah River to expand an existing landfill's capacity for waste handling and processing to meet customers waste collection needs for approximately the next 25 years. The existing project site is located off Old Federal Rd. approximately 9.5 mi. northwest of Cumming in Forsyth County.

Name and Address of Permit Applicant:

Mr. Gerald Allen
Advanced Disposal Services (ADS)
300 Colonial Center Parkway
Suite 230
Roswell, Georgia 30076

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
