GENERALLY LICENSED DEVICE REGISTRATION FORM

One of the missions of the Georgia Radioactive Materials Program is to maintain accountability of all radioactive materials possessed in the state, so that we may respond in the event of emergencies as necessary. This requires that we periodically ask our General Licensees to update their inventories of generally licensed materials. These are often measuring, gauging, or controlling devices; devices that produce light or an ionized atmosphere; gauges used to find contraband; or other radioactive material authorized in Chapter 391-3-17-.02(6)

Please review your facility's inventory of generally licensed material, complete this form, and return it to the above-listed address. If you have any questions as you fill out this form, please contact our office via the telephone number listed above. You may make additional copies of this form as needed to include your entire inventory of generally licensed devices.

COMPANY/FACILITY NAME: _____

COMPANY/FACILITY ADDRESS: _____

CITY, STATE, ZIP CODE: _____

KNOWLEDGEABLE PERSON: _____ TITLE: _____

TELEPHONE NUMBER: _____ EMAIL ADDRESS: _____

DEVICE # _____
