

Instructions
Notice of Intent (NOI) for Sediment Pond Discharges
From Sand and Gravel Dredgers

To Be Covered Under the NPDES General Permit No.
GAG100000

Who Must File A Notice of Intent (NOI) Form:

Title 40 Code of Federal Regulations Part 122 prohibits point source discharges of Pollutants to water body(ies) of the U.S. without a National Pollutant Discharge Elimination System (NPDES) permit. The Operator of a sand/gravel dredge that has a dredge water discharge from a sediment pond must submit a NOI to obtain coverage under the NPDES sand and gravel dredger General Permit. Coverage under this General Permit is applicable only to sand and gravel dredgers with sediment ponds. The General Permit is not applicable to discharges of process generated waste water and mine dewatering waters or dredges with on-board processing. If you have questions about whether you need a sand and gravel dredger NPDES General Permit for dredge water discharges, contact the Wastewater Regulatory Program at (404)463-1511.

Where to File NOI Form:

NOI's must be sent to the following address:

Georgia Environmental Protection Division
Wastewater Regulatory Program
Industrial Permitting Unit
2 Martin Luther King Jr. Drive SE, Suite 1152
Atlanta, Georgia 30334-9000

Section I: Facility Owner Information

Give the legal name of the person, firm, organization, or any other entity that owns the dredge, rather than the land owner, if other than dredge owner. Enter the complete address, email address, and telephone number of the owner.

Section II: Site Location Information

Enter the facility's mailing address, and site location address if different. Address should include: street address or locations, City, County, and zip code. Where an exact street address is not available, narrative terms should be used to describe location of the dredge and sediment pond. The latitude and longitude coordinates shall be included in this section.

Section III: Facility Description and Activity Information

Give a brief description of the sand/gravel dredging process used at your facility. Attach a process flow chart, if available, for illustrative visual information to clarify your dredging process. Enter the frequency or number of times in which your sediment pond discharges; the volume of water discharged, name of the receiving waters and the estimated date of closure of the sediment pond.

Indicate whether or not the location of your sediment pond site is in a flood plain or due to its proximity of a flood plain is subjected to flooding.

Section IV: Certification

Federal and State statutes provide for severe penalties for submitting false information on this application form. The application should be signed as follows:

This application must be signed by a principal executive officer, elected official, or other authorized representative of the facility. The operator in charge of operating the facility is allowed to sign the application, provided that the authority to sign documents has been assigned or delegated in accordance with facility procedures.

**State of Georgia
Department of Natural Resources

**NOTICE OF INTENT
General Permit to Discharge
Sediment Pond Discharges From Sand and Gravel Dredgers**

Check Type: New Facility _____ Existing Facility _____ Change of Information _____

I. Name of Owner/Organization: _____
Address: _____ Phone: _____
City: _____ State: _____ Zip Code: _____
County: _____ Email Address: _____

II. Name of Facility and/or Land Owner Where Sediment Pond Located (if different from above):

A. Mailing Address: _____
City: _____ State: _____ Zip Code: _____
County: _____ Phone: _____

B. Site Location: (if same as above put "same")
Address: _____
City: _____ State: _____ Zip Code: _____
County: _____ Phone: _____

C. Latitude: _____ Longitude: _____

III. Description of facility and activity information:

A. Brief description of the dredging process (attach process flow chart if available): _____

B. Frequency of dredge discharge: _____
Volume of water discharge: _____

Name of receiving water(s): _____

Estimate the date of closure of the sediment pond: _____

Is the sediment pond located in flood plain or subject to flooding? _____

Comments: _____

IV. Certification: I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based upon my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
