Re: Removal of Site from Hazardous Site Inventory
Yates Lane Drum Site , HSI# 10350
385 Yates Lane, Tax Parcel 0001 0036
Ephesus, Heard County, Georgia 30108

Dear Mr. Baker:

The Georgia Environmental Protection Division (EPD) has reviewed the EPA Pre-CERCLIS Screening Assessment (PSA) Yates Lane Drum Site dated September 2011 (approved by EPA on November 4, 2011) and the Westinghouse Remediation Services, Inc. Removal Activities Report dated December 4, 1996 (approved by EPD on December 27, 1996) for the above referenced site. Based on these documents, I have determined that this site is in compliance with residential risk reduction standards. Therefore, I am designating this site as not needing further action and I am removing this site from the Hazardous Site Inventory in accordance with §391-3-19-.05(4)(b) of the Rules for Hazardous Site Response (Rules) as of the date of this letter.

EPD's approval of the reports extends only to those technical aspects of the documents that expressly require EPD approval under applicable rules and statutes. This approval is not an endorsement by EPD that it accepts as conclusive any representations made in the documents. Nor does EPD guarantee or warrant that the documents are free of errors or omissions. EPD may later withdraw approval of the documents, in whole or in part, if EPD determines that withdrawal is necessary to ensure compliance with the applicable rules and statutes.

As required by §391-3-19-.06(5)(f) of the Rules, a public notice announcing this determination shall be published in *The News & Banner*. If you have any questions regarding this matter, please contact Ms. Antonia Beavers of EPD's Response and Remediation Program at 404-657-8600.

Sincerely,

Mark Smith, Chief
Land Protection Branch
