Dear Mr. Haddon:

Pursuant to the Rules for Hazardous Site Response, specifically Rule 391-3-19-.05(1) "Listing on the Hazardous Site Inventory," the Environmental Protection Division (EPD) has evaluated the above referenced property to determine whether a release exceeding a reportable quantity has occurred.

Based upon the information available to EPD at the time this evaluation was done, including your notification dated May 18, 2013, EPD has no reason to believe that a release exceeding a reportable quantity has occurred at this property. The property was evaluated as having unlimited access, non-residential use, with the nearest drinking water well greater than one mile from the property. Enclosed is a copy of our inspection report, recommendation memorandum, and Reportable Quantities Screening Method (RQSM) Scoresheet that summarize the conditions used to evaluate this property. Based on this information, this property will not be listed on the Hazardous Site Inventory.

As provided for in Section 391-3-19-.04(4) of the Rules, the owner of the property must notify EPD if they become aware of any information not provided in the notification that should have been provided, or if they become aware of any information or events that suggest changes may have occurred in any of the conditions referenced in the attached documents. Please provide a copy of this letter and the attached documents to any person to which title or an interest in this property is transferred.

Please direct questions regarding this matter to Montague McPherson of the Response and Remediation Program at (404) 657-8600.

Sincerely,

Jason Metzger
Unit Coordinator
Response and Remediation Program

Dear Mr. Dodd:

Pursuant to the Rules for Hazardous Site Response, specifically Rule 391-3-19-.05(1) "Listing on the Hazardous Site Inventory," the Environmental Protection Division (EPD) has evaluated the above referenced property to determine whether a release exceeding a reportable quantity has occurred.

Based upon the information available to EPD at the time this evaluation was done, including the Release Notification dated December 14, 2012, and the supplemental submittals dated December 17, 2012, February 4, 2013, February 25, 2013, April 12, 2013, and July 8, 2013, EPD has no reason to believe that a release exceeding a reportable quantity has occurred at this property. The property was evaluated as non-residential use, with a suspected release to soil and groundwater. Enclosed is a copy of our trip report, recommendation memorandum, and Reportable Quantities Screening Method (RQSM) score sheet that summarize the conditions used to evaluate this property. Based on this information, this property will not be listed on the Hazardous Site Inventory.

As provided for in Section 391-3-19-.04(4) of the Rules, the owner of the property must notify EPD if they become aware of any information not provided in the notification that should have been provided, or if they become aware of any information or events that suggest changes may have occurred in any of the conditions referenced in the attached documents. Please provide a copy of this letter and the attached documents to any person to which title or an interest in this property is transferred.

Please direct questions regarding this matter to John Maddox of the Response and Remediation Program at (404) 657-8600.

Sincerely,

Charles D. Williams

RE: HSRA Release Notification
Greystone Apartments
90 East 2nd Avenue
Rome, Floyd County, GA 30162

Dear Mr. Williams:

Pursuant to the Rules for Hazardous Site Response, specifically Rule 391-3-19-.05(1) "Listing on the Hazardous Site Inventory", the Environmental Protection Division (EPD) has evaluated the above referenced property to determine whether a release exceeding a reportable quantity has occurred.

Based upon the information available to EPD at the time this evaluation was done, including your notification dated June 28, 2013, EPD has no reason to believe that a release exceeding a reportable quantity has occurred at this property. The property was evaluated as having unlimited access, residential use, with a known release to groundwater with a drinking water well between 1 and 2 miles away from the Property, and a suspected release to soil with an impermeable cover. Enclosed is a copy of our inspection report, recommendation memorandum, and Reportable Quantities Screening Method (RQSM) score sheet that summarize the conditions used to evaluate this property. Based on this information, this property will not be listed on the Hazardous Site Inventory.

As provided for in Section 391-3-9-.04(4) of the Rules, the owner of the property must notify EPD if they become aware of any information not provided in the notification that should have been provided, or if they become aware of any information or events that suggest changes may have occurred in any of the conditions referenced in the attached documents. Please provide a copy of this letter and the attached documents to any person to which title or an interest in this property is transferred.

Please direct questions regarding this matter to Ms. Carolyn L. Daniels, P.G. of the Response and Remediation Program at (404) 657-8600.

Sincerely,

David Reuland
Unit Coordinator
Response and Remediation Program
