Glenwood Rd Sidewalk Improvements
Activity

This advisory is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental law. The public is invited to comment during the 30-day period on the proposed activity. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr. Dr. S.W., Suite 1462, Atlanta, Georgia 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act
O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control
Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(a-k)}: a

Description and Location of Proposed Activity:

Application proposes to impact 264 linear feet (3,489 square feet) of stream buffer to Stream 1 (an unnamed tributary to Shoal Creek). Disturbance activities will consist of placement of fill, construction of a retaining wall, and the installation of silt fence. Project on Glenwood Rd begins 100 ft east of Candler Rd and ends at Columbia Dr in DeKalb County.

Name and Address of Permit Applicant:

Mr. Dave Pelton
DeKalb County Public Works
1950 West Exchange Place, 4th Floor
Tucker, GA 30084

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
