Section I. Facility Owner Contact Information

| | | |
|-----------------------------|----------------|-----------|
| Name of owner/organization: | | |
| Title: | | |
| Phone no.: | Email address: | |
| Owner mailing address: | | |
| City: | State: | Zip code: |
| County: | | |

Section II. Facility & Site Information

| | | |
|--|---|-----------|
| Name of facility and/or land owner where sediment pond is located: | | |
| Phone no.: | Email address: | |
| Facility mailing address (if different from above): | | |
| City: | State: | Zip code: |
| County: | Latitude/Longitude (ex. 33.933376, -84.537581): | |
| Site location (if different than above): | | |
| Facility mailing address (if different from above): | | |
| City: | State: | Zip code: |
| County: | Latitude/Longitude (ex. 33.933376, -84.537581): | |

Section III. Facility Description and Activity Information

| |
|---|
| 1. Brief description of the dredging process (attach process flow chart): |
| 2. Frequency of dredge discharge: |
| 3. Is there a combined stormwater discharges? |
| 4. Estimated date of closure of the sediment pond: |
| 5. Is the sediment pond located in flood plain or subject to flooding? |

6. Additional information:

Section IV. Receiving Waters

1. Name of receiving water(s):

2. Volume of discharge (units):

3. Name of river basin:

4. Does your discharge enter an impaired waterway listed on the State of Georgia's 303(d) list?
 (check applicable box below)

yes no

5. Is the receiving water(s): (check applicable box below)

- supporting their designated use;
- not supporting their designated use; or
- assessment pending

6. If the receiving waters are *not* supporting their designated uses, what is it listed for?

7. Is there an applicable total maximum daily load (TMDL) for your discharge's receiving waters?
 (check applicable box below)

yes no

8. What is the name and year of the TMDL?

9. Is your discharge listed in the TMDL? (check applicable box below)

yes no

SECTION V. CERTIFICATION

Certification: I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based upon my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Instructions to Complete the

Notice of Intent (NOI) for Sediment Pond Discharges From Sand and Gravel Dredgers

To Be Covered Under the NPDES General Permit No. GAG100000

Who must file a notice of intent (NOI) form:

Title 40 code of federal regulations part 122 prohibits point source discharges of pollutants to water body(ies) of the U.S. without a National Pollutant Discharge Elimination System (NPDES) permit. The operator of a sand/gravel dredge that has a dredge water discharge from a sediment pond must submit a NOI to obtain coverage under the NPDES sand and gravel dredger general permit. Coverage under this general permit is applicable only to sand and gravel dredgers with sediment ponds. The general permit is not applicable to discharges of process generated waste water and mine dewatering waters or dredgers with on-board processing. If you have questions about whether you need a sand and gravel dredger NPDES general permit for dredge water discharges, contact the Wastewater Regulatory Program at (404) 463-1511.

Where to file NOI form:

NOI's must be sent to the following address:

Georgia Environmental Protection Division
Wastewater Regulatory Program
Industrial Permitting Unit
2 Martin Luther King Jr. Drive, Suite 1152
Atlanta, Georgia 30334-9000

Section I. Facility owner contact information

Give the legal name of the person, firm, organization, or any other entity that owns the dredge discharge, rather than the land owner, if other than the dredge discharge owner. Enter the complete address, email address, and telephone number of the owner.

Section II. Facility & site location information

Enter the facility's mailing address, and site location address if different. Address should include: street address or locations, city, county, and zip code. Where an exact street address is not available, narrative terms should be used to describe location of the dredge discharge and sediment pond. The latitude and longitude coordinates shall be included in this section.

Section III. Facility description and activity information

Give a brief description of the sand/gravel dredging process used at your facility. Attach a process flow chart, if available, for illustrative visual information to clarify your dredging process. Enter the frequency or number of times in which your sediment pond discharges; the volume of water discharged, name of the receiving waters and the estimated date of closure of the sediment pond.

Indicate whether or not the location of your sediment pond site is in a flood plain or due to its proximity of a flood plain is subjected to flooding.

Section IV. Receiving waters

Provide the name of the receiving waters, volume of discharge, and name of river basin. Indicate whether the discharge will be entering an impaired waterway that has been identified on the State of GA's 303(d) list, as well as information regarding a TMDL, if applicable.

Section v. Certification

Federal and state statutes provide for severe penalties for submitting false information on this application form. The application should be signed as follows:

This application must be signed by a principal executive officer, elected official, or other authorized representative of the facility. The operator in charge of operating the facility is allowed to sign the application, provided that the authority to sign documents has been assigned or delegated in accordance with facility procedures.
