

## **EPD Watershed Protection Branch**

### **Notice of Service Line Inventory (SLI) Spreadsheet and Guidance Manual for Public Water Systems**

The Georgia Environmental Protection Division (EPD) Watershed Protection Branch, pursuant to the federal Lead and Copper Rule Revisions (LCRR), has finalized the procedures for public water systems to submit their Service Line Inventory (SLI) to EPD by the federal deadline of October 16, 2024. The SLI Spreadsheet and Guidance Manual have been finalized and are now available on EPD's drinking water webpage, at <https://epd.georgia.gov/watershed-protection-branch/drinking-water>.

As noted in the Guidance Manual, further guidance on the SLI submission process is anticipated to be released in Summer 2023.
