PUBLIC NOTICE

Notice of Intent to Modify Permit

Notice of Public Hearing Regarding an Intent to Modify Permit

The Environmental Protection Division (EPD) of the Georgia Department of Natural Resources, under the authority of the Georgia Hazardous Waste Management Act, O.C.G.A. 12-8-60 *et seq.*, as amended, announces its intent to modify Hazardous Waste Facility Permit HW-063(D) issued to Union Carbide Corporation for post-closure care and corrective action of a closed hazardous waste landfill. The facility is located at 5954 Union Carbide Road, Woodbine, Georgia 31569, identified by the assigned facility EPA ID number GAD981235294. The landfill is owned by Union Carbide Corporation, 2301 Brazosport Blvd B-122, Freeport, Texas 77541.

The draft modified permit reduces the overall footprint of the permitted facility by parceling off areas for which corrective action has been completed. The permit requires Union Carbide Corporation to perform corrective action and to conduct post-closure care at the facility. NO ADDITIONAL DISPOSAL OF HAZARDOUS WASTES AT THE FACILITY WILL BE ALLOWED UNDER THIS PERMIT RENEWAL.

A public hearing will be held to provide the public with an opportunity to comment upon and provide input into Hazardous Waste Facility Permit HW-063(D), a public hearing will be held on Tuesday November 17, 2026, beginning at 3:45 p.m. at the Camden County Public Library, 1410 Highway 40 East, Kingsland, Georgia 31548. The hearing will be preceded by an informational session beginning at 2:45 p.m.

At the public hearing, anyone may present data, make a statement, comment or offer a viewpoint either orally or in writing. Lengthy statements or statements of a considerable technical nature, as well as previously recorded messages, must be submitted in writing for the official record. Oral statements should be concise.

The State of Georgia received final authorization for the 1984 Hazardous and Solid Waste Amendments (HSWA) to the federal Resource Conservation and Recovery Act (RCRA), as amended, on September 18, 1986. Therefore, upon issuance, the permit will constitute a full RCRA permit as required by the Georgia Hazardous Waste Management Act and RCRA.

The draft permit has been prepared in accordance with the Georgia Rules for Hazardous Waste Management (Rules), Chapter 391-3-11. Before making a final decision to modify the permit, Section 391-3-11-.01 (40 CFR 124.10) of the Rules requires EPD to provide an opportunity for public comment. Accordingly, a public comment period has been established from October 15, 2026, to December 1, 2026. During the public comment period a copy of the draft permit modification and supporting documents will be available for public review online at: <https://epd.georgia.gov/public-announcements> and at the following locations during regular business hours:
