Re: HSRA Release Notification
2319 Sullivan Road
College Park, Fulton County, Georgia

Dear Mr. Patel:

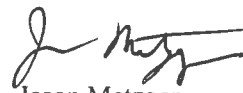

Pursuant to the Rules for Hazardous Site Response, specifically Rule 391-3-19-.05(1) "Listing on the Hazardous Site Inventory", the Environmental Protection Division (EPD) has evaluated the above referenced property to determine whether a release exceeding a reportable quantity has occurred.

Based upon the information available to EPD at the time this evaluation was done, including your notification dated April 30, 2013; EPD has no reason to believe that a release exceeding a reportable quantity has occurred at this property. The property was evaluated as having unlimited access and the closest down-gradient drinking water well greater than one mile. Enclosed is a copy of our inspection report, recommendation memorandum, and Reportable Quantities Screening Method (RQSM) score sheet that summarize the conditions used to evaluate this property. Based on this information, this property will not be listed on the Hazardous Site Inventory (HSI). However, please note that this property has been impacted by a release that occurred at HSI No. 10127, and is therefore a part of that 'Site' as defined in Section 391-3-19-.02(2)(v) of the Rules. This Site was removed from the HSI on July 20, 2012 in accordance with §391-3-19-.05(4)(b) of the Rules for Hazardous Site Response and §12-8-107(f) and (g)(2) of the Georgia Voluntary Remediation Program Act. Ongoing monitoring is being performed for the site in accordance with the approved VRP Compliance Status Report.

As provided for in Section 391-3-19-.04(4) of the Rules, the owner of the property must notify EPD if they become aware of any information not provided in the notification that should have been provided, or if they become aware of any information or events that suggest changes may have occurred in any of the conditions referenced in the attached documents. Please provide a copy of this letter and the attached documents to any person to which title or an interest in this property is transferred.

Please direct questions regarding this matter to John Maddox of the Response and Remediation Program at (404) 657-8600.

Sincerely,

Jason Metzger
Unit Coordinator
Response and Remediation Program

Re: HSRA Release Notification
Cumberland Yarn Facility (former)
1010 North Hamilton Street
Dalton, Whitfield County, Georgia
Tax Parcel ID: 12-181-23-000

Dear Mr. Whorton:

Pursuant to the Rules for Hazardous Site Response, specifically Rule 391-3-19.05(1) "Listing on the Hazardous Site Inventory", the Environmental Protection Division (EPD) has evaluated the above referenced property to determine whether a release exceeding a reportable quantity has occurred. As EPD has determined that a reportable quantity has not been exceeded in groundwater and the on-site pathway evaluation has been deferred, this property will not be listed on the Hazardous Site Inventory.

The on-site pathway evaluation has been deferred due to EPD's approval of a prospective purchaser corrective action plan (PPCAP) for this property on June 10, 2013 pursuant to the Hazardous Site Reuse and Redevelopment ("Brownfields") Act. Upon approval of the PPCAP the soil cleanup will be conducted under oversight by the Brownfields Program, in accordance with an approved schedule. The on-site pathway will be evaluated after the soil conditions have been evaluated and cleanup has been completed under the Brownfields Program, unless EPD requires an evaluation sooner.

This evaluation was made on the basis of current site conditions and information available to EPD including your supplemental notification received September 25, 2013 (see attached documents). Should you become aware of information different from the conditions described in the attached documents, you are required as the owner of the property to notify this office. Subsequent owners will also become subject to this notification requirement; therefore, copies of this letter and the attached documents should be provided to any party or parties to whom you transfer ownership of this property in whole or in part.

Please direct questions regarding this matter to Mr. John Maddox of the Response and Remediation Program at (404) 657-8600.

Sincerely,

Jason Metzger
