Annual CCR Management and Dust Control Report – Approval**

Dear Mr. Workman:

The Georgia Environmental Protection Division (EPD) received your Annual CCR Management and Dust Control Report (Report) for the subject site on May 10, 2018. The Report describes operational activities from the previous year to demonstrate compliance with the CCR Management Plan approved by the EPD on May 22, 2017. Based on a review of the data submitted and in consideration of our onsite inspections over the past year, this facility may continue CCR management under the existing plan for one (1) year. An updated annual Report for the 2018 calendar year (i.e. January 1 to December 31, 2018) must be received by EPD no later than April 1, 2019 or you must cease receipt of CCR on May 21, 2019.

If you have any questions regarding this letter, please contact Chad Hall at (404) 362-4893.

Sincerely,

Chad Hall, PhD, PE
