

## PROJECT SUMMARY

# Tire Products Grant

## Camden County - FY25 Awardee

Camden County was awarded \$98,175 to resurface a playground at Cornelia Jackson Park, using tire-derived pour-in-place mulch.

The park hosted a ribbon cutting ceremony to reveal the new playground. This was attended by the Camden County Chairmen, the City of Woodbine's Mayor, and the President of the National Association for the Advancement of Colored People (NAACP).

The revitalization of the playground encourages more people to go to Cornelia Jackson Park, which hosts people of all ages for the community of Woodbine.

A total of **4.5** tons of tire-derived products were used in this project, which is equivalent to **400** tires.
