PROJECT SUMMARY

Tire Products Grant

Hall County - FY26 Awardee

Hall County was awarded $71,400 to resurface a deteriorated playground at Cherokee Bluffs Park with poured-in-place tire-derived mulch.

Cherokee Bluffs Park serves as a sanctuary for native vegetation and wildlife. The resurfaced playground will improve accessibility, safety, and the overall experience for all ages.

A total of **22.8** tons of tire-derived products were used in this project, which is equivalent to **2,025** tires.
