RE: Brantley County Development Partners- US 82 Solid Waste Handling Facility  
Proposed Municipal Solid Waste Landfill  
Extension to Draft Site Limitations Comment Period  
APL 01301

Dear Mr. Kelly:

The Georgia Environmental Protection Division (EPD) is extending the comment period for the above referenced Draft Site Limitations. Charles J. Mueller, Chief of EPD's Land Branch authorized the extension in response to requests received during the comment period. The comment period is here by extended until **January 31, 2020**.

Comments on the proposed facility's site suitability report and the draft "Site Limitations" are welcome. However, if EPD is to consider such comments prior to determining if a Site Suitability Notice is warranted for the facility, they must now be received **before the end of the day, January 31, 2020**. Please note that issuance of a Site Suitability Notice by EPD does not constitute a permitting decision for the proposed facility and comments regarding siting issues may be considered up to the time a final permitting decision is made.

Sincerely,

John W.W. Sayer, P.G.  
Manager  
Environmental Monitoring Unit  
Solid Waste Management Program
