## Notes:

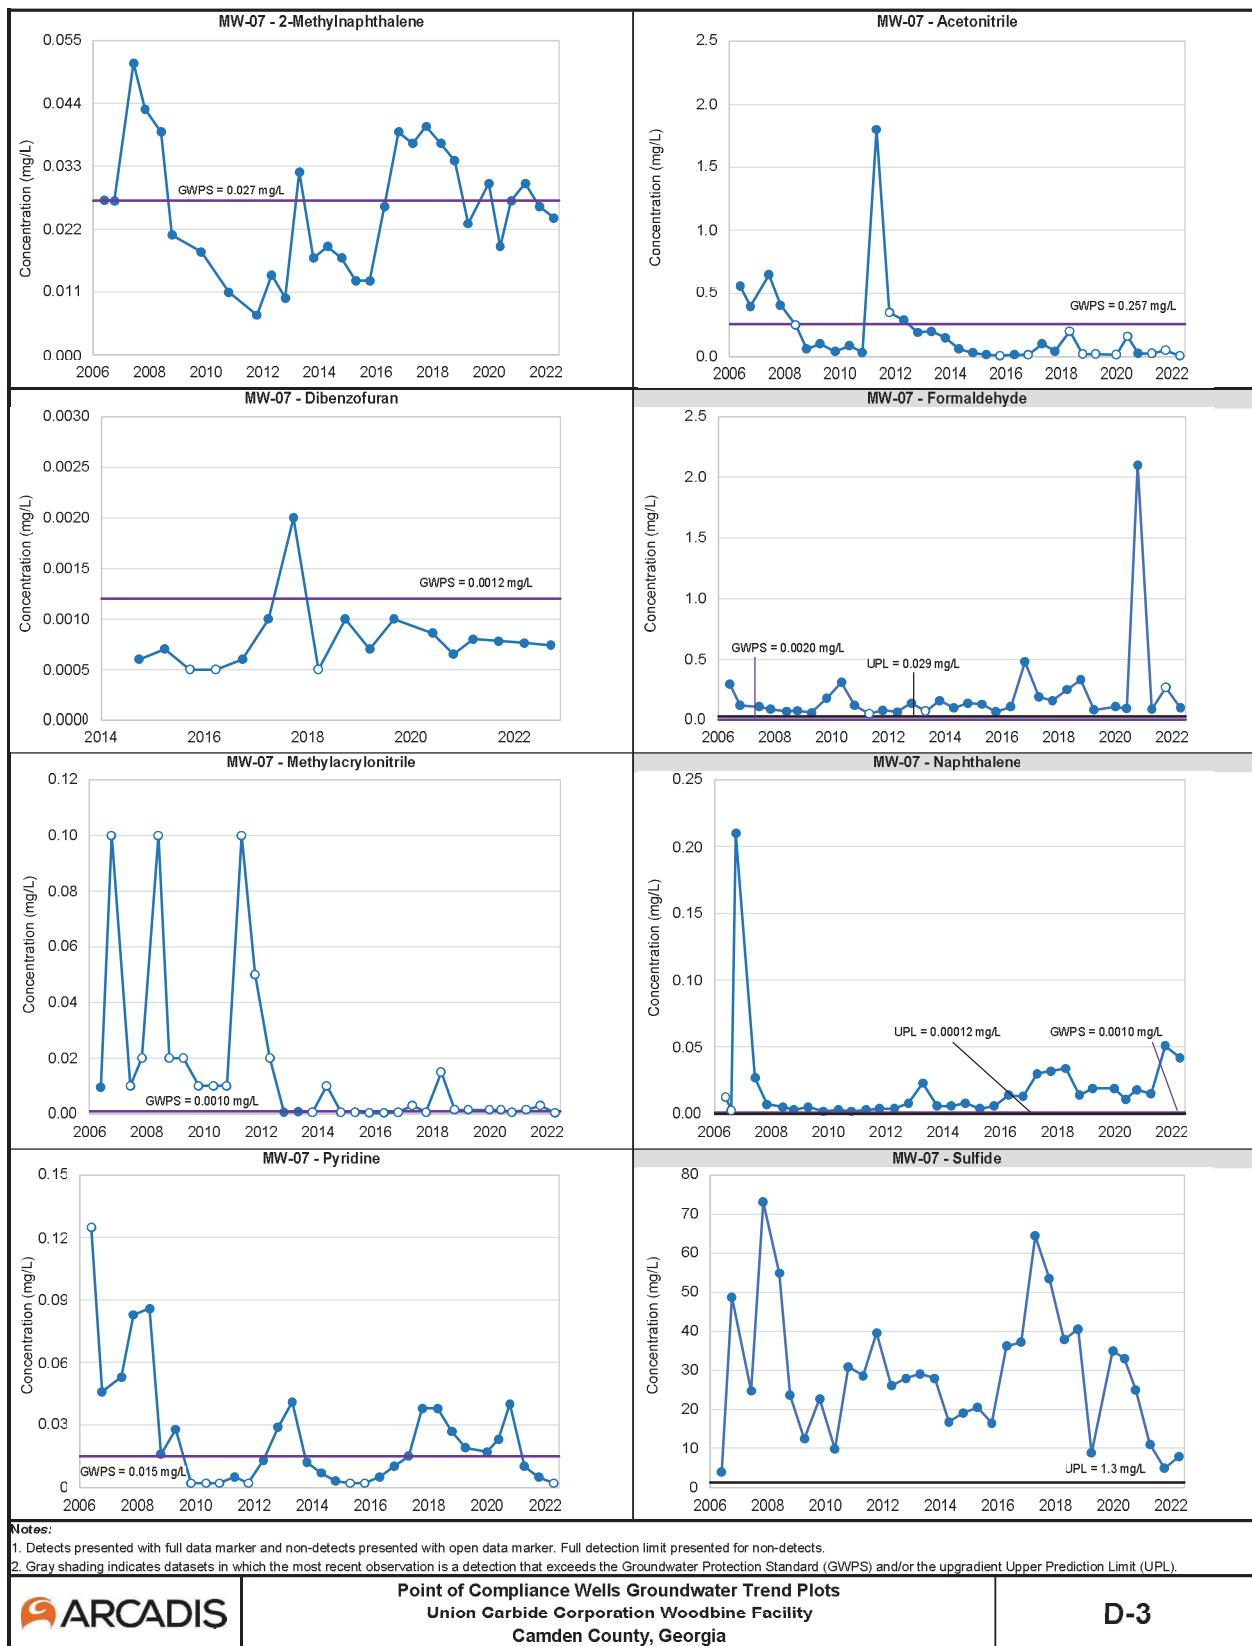

\* Ground-Water Protection Standard Specified in Table A of Permit

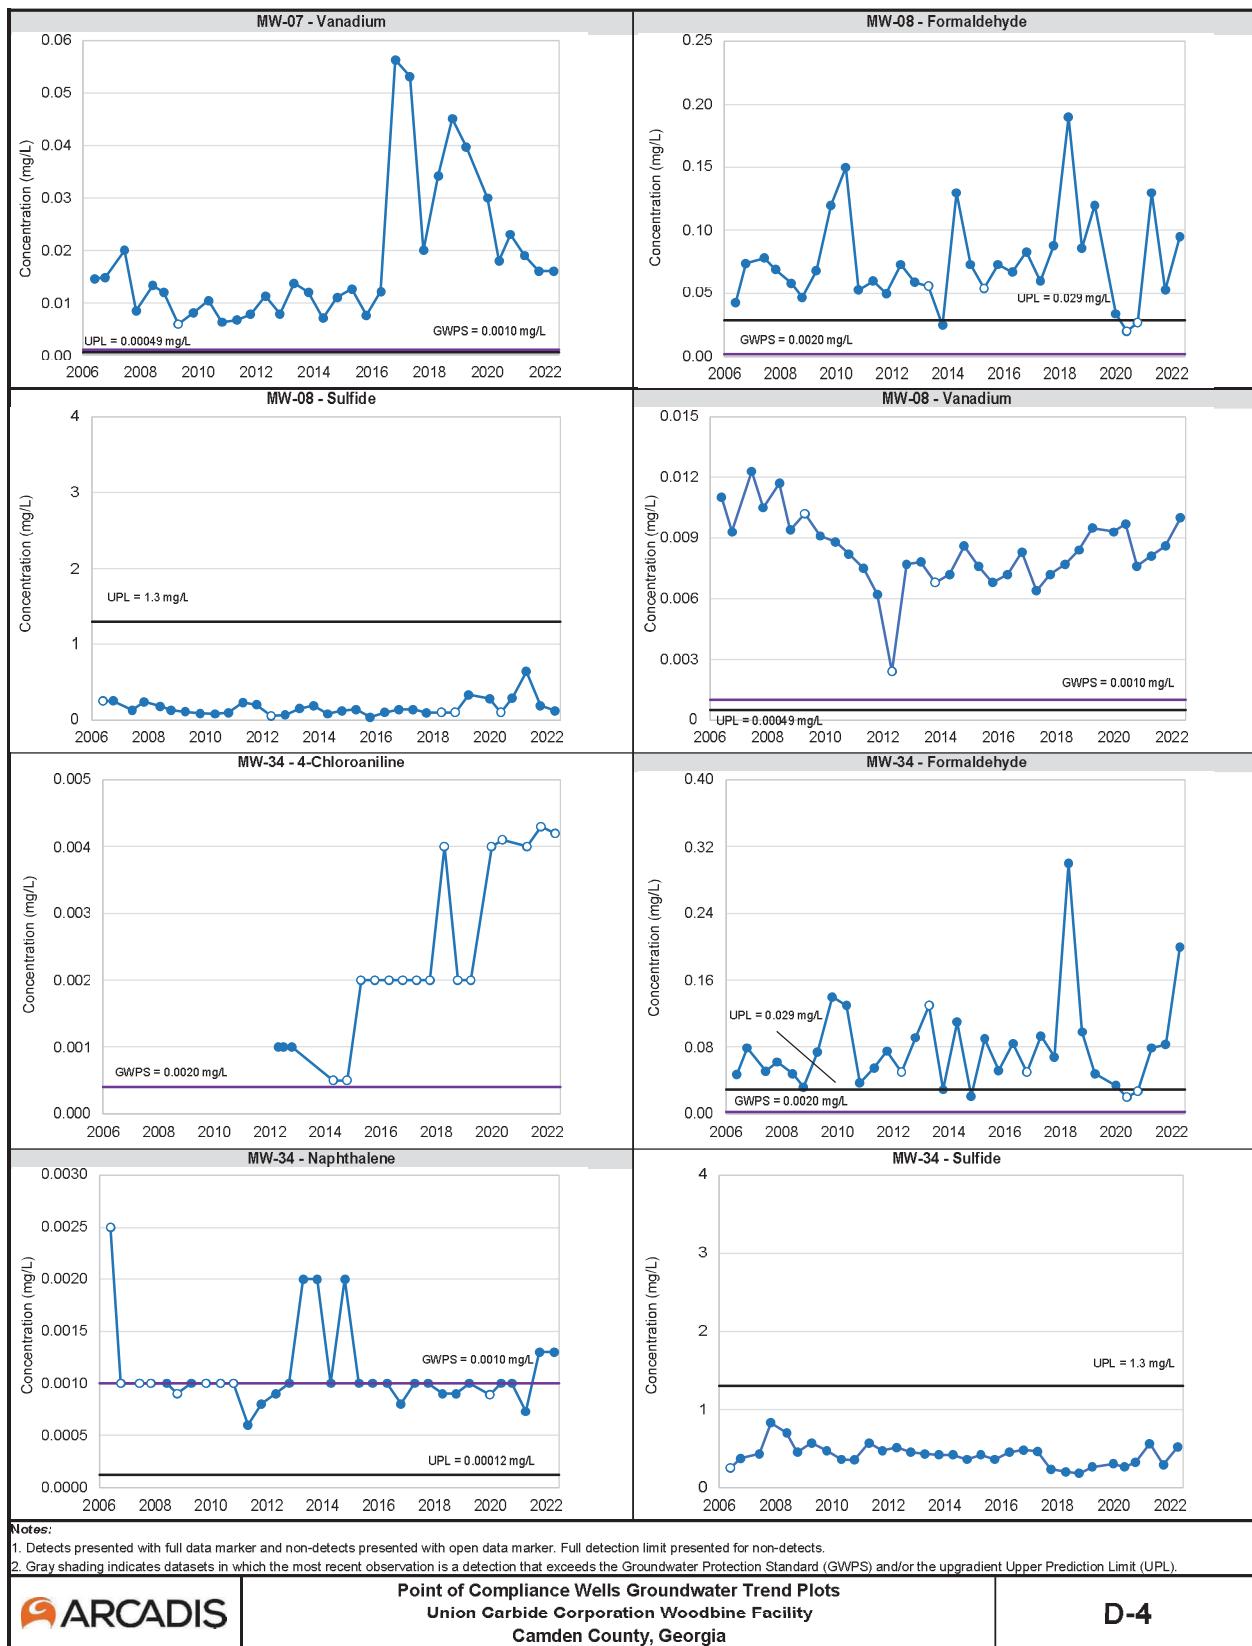

+ Current Maximum Contaminant Level (MCL)

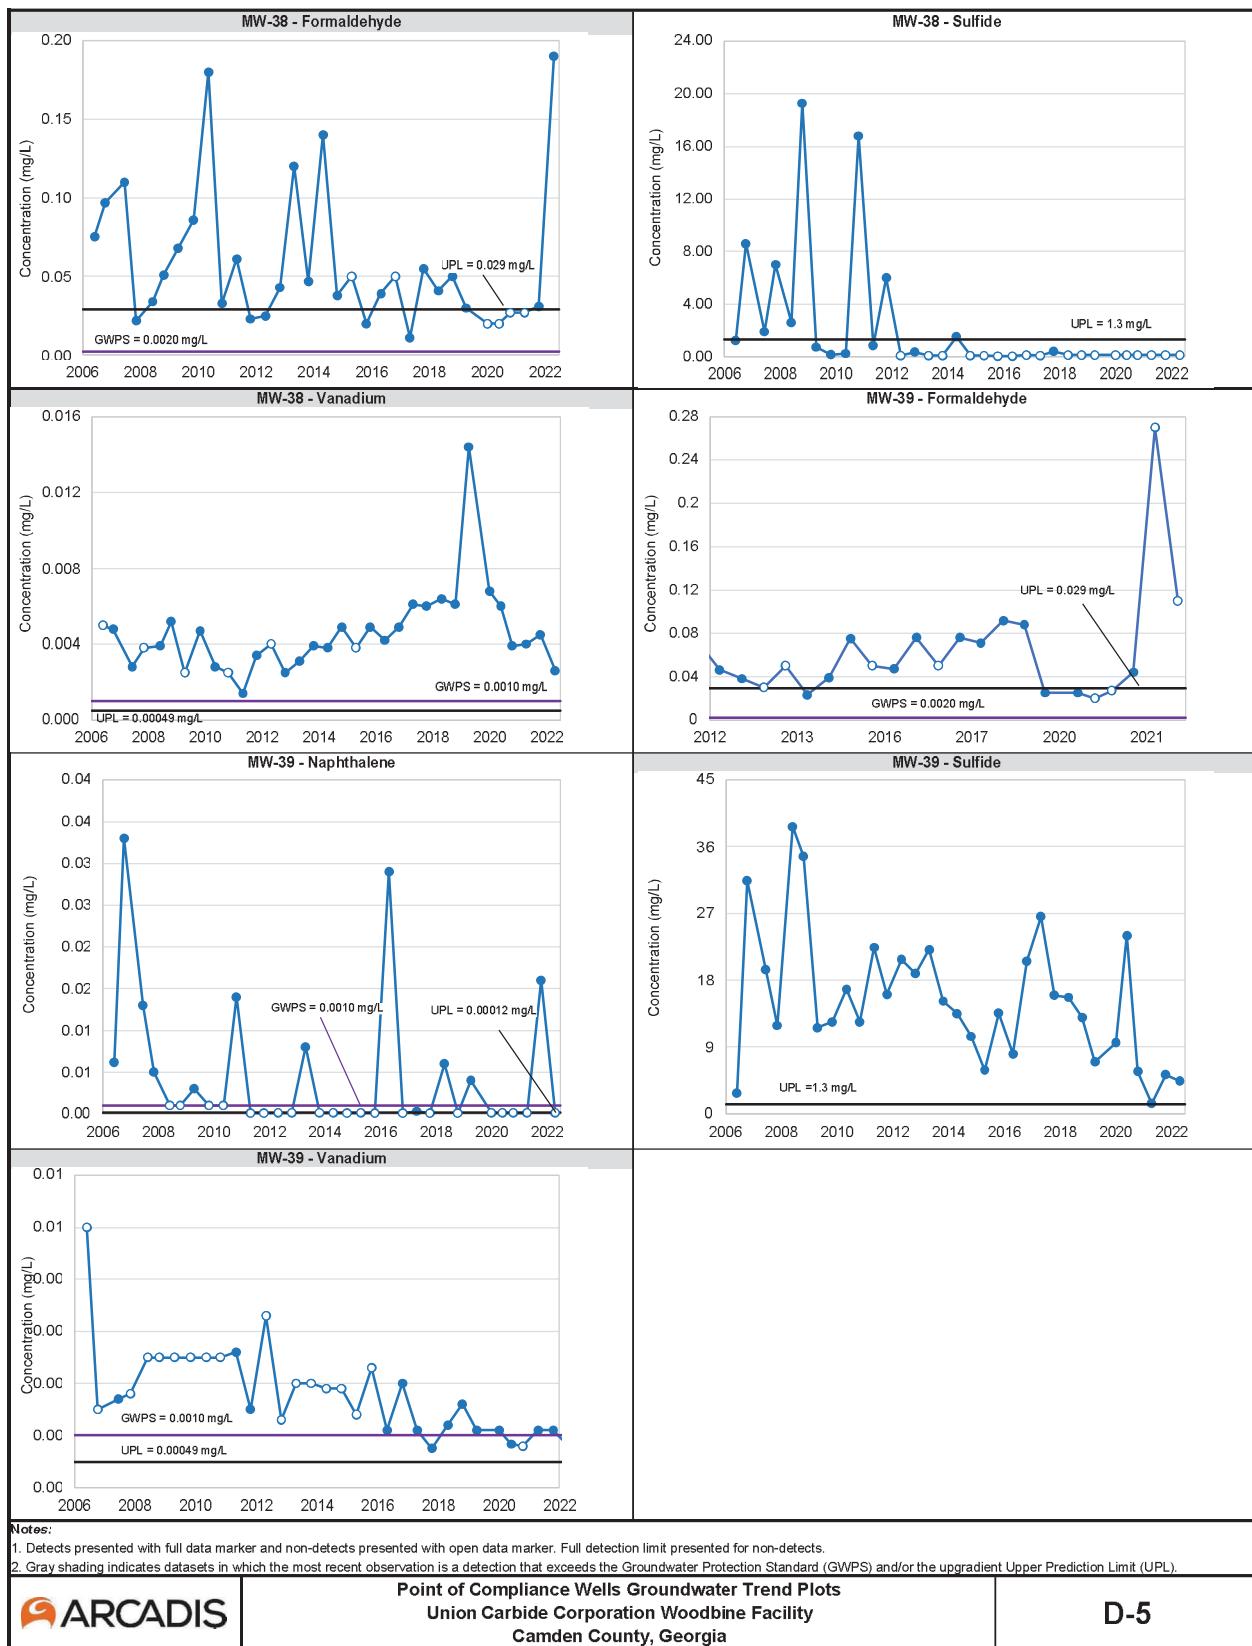

Number of Detects - number used for statistical analysis

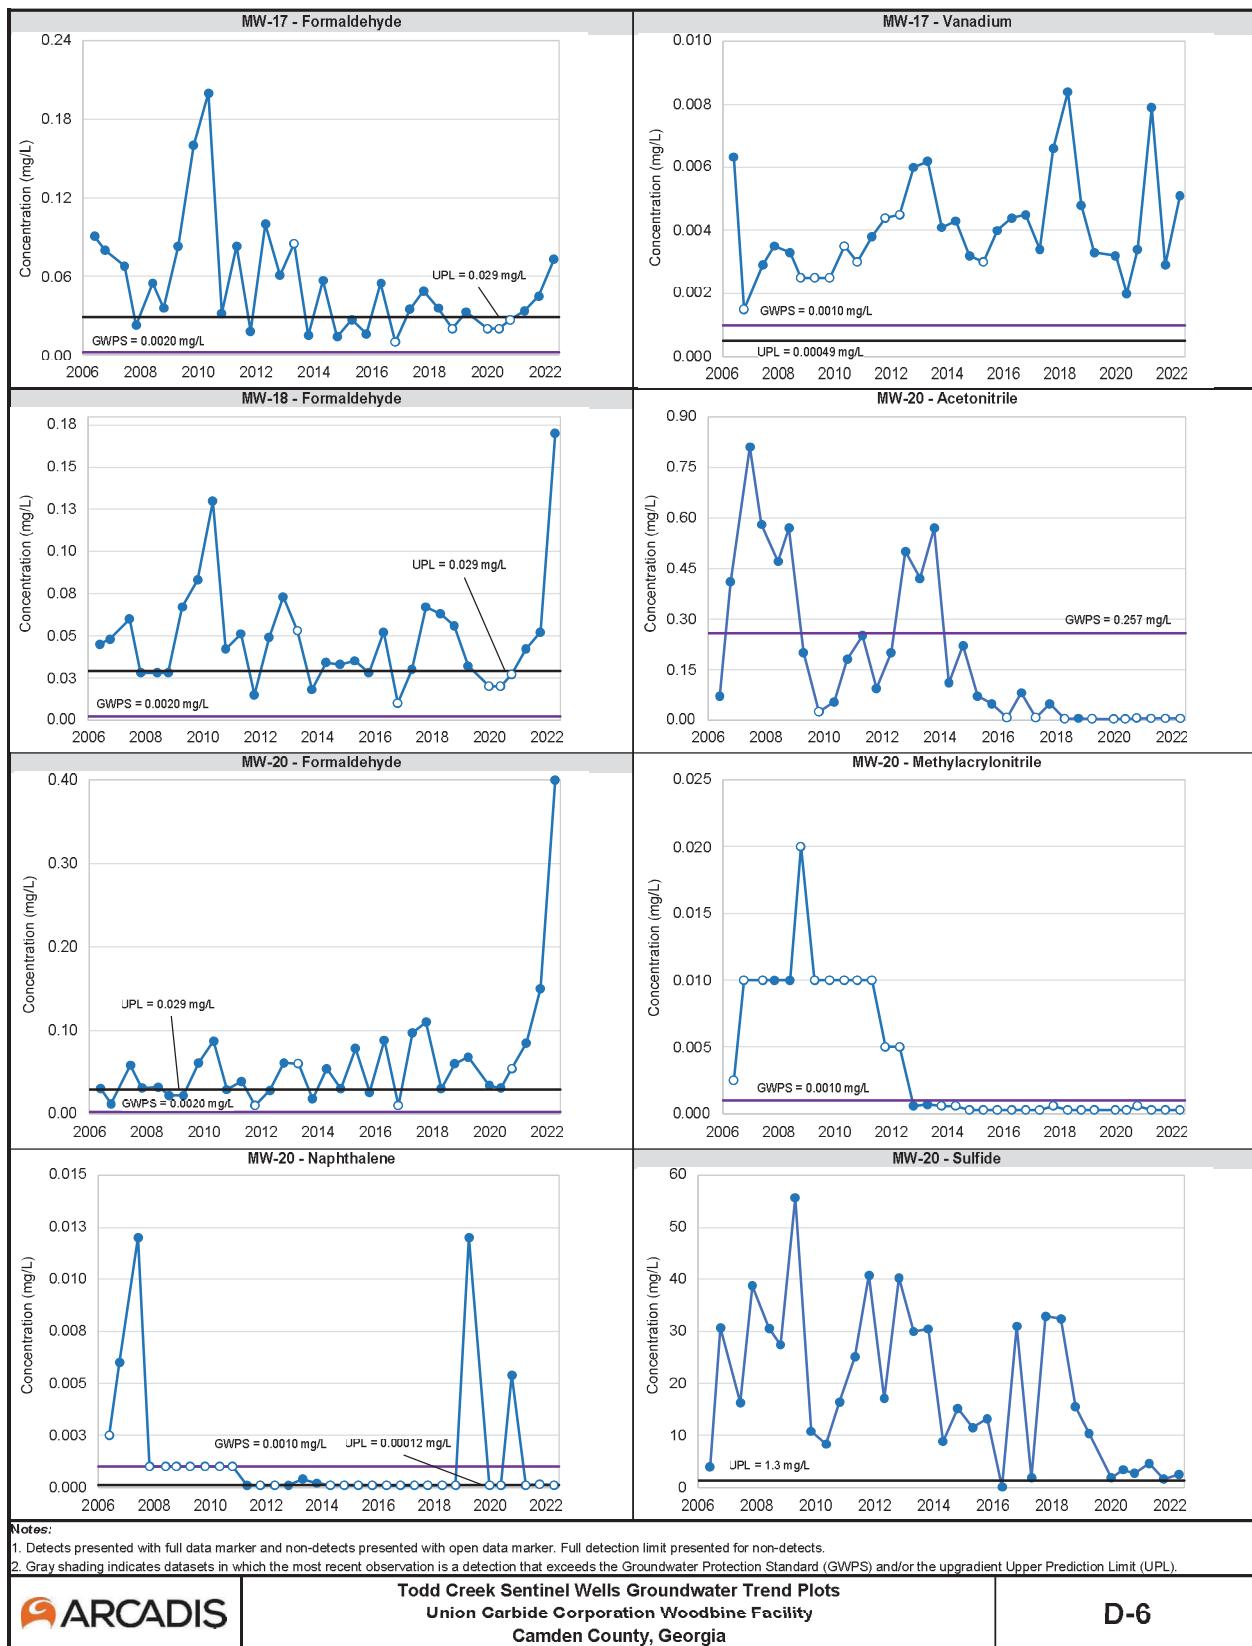

**Notes:**

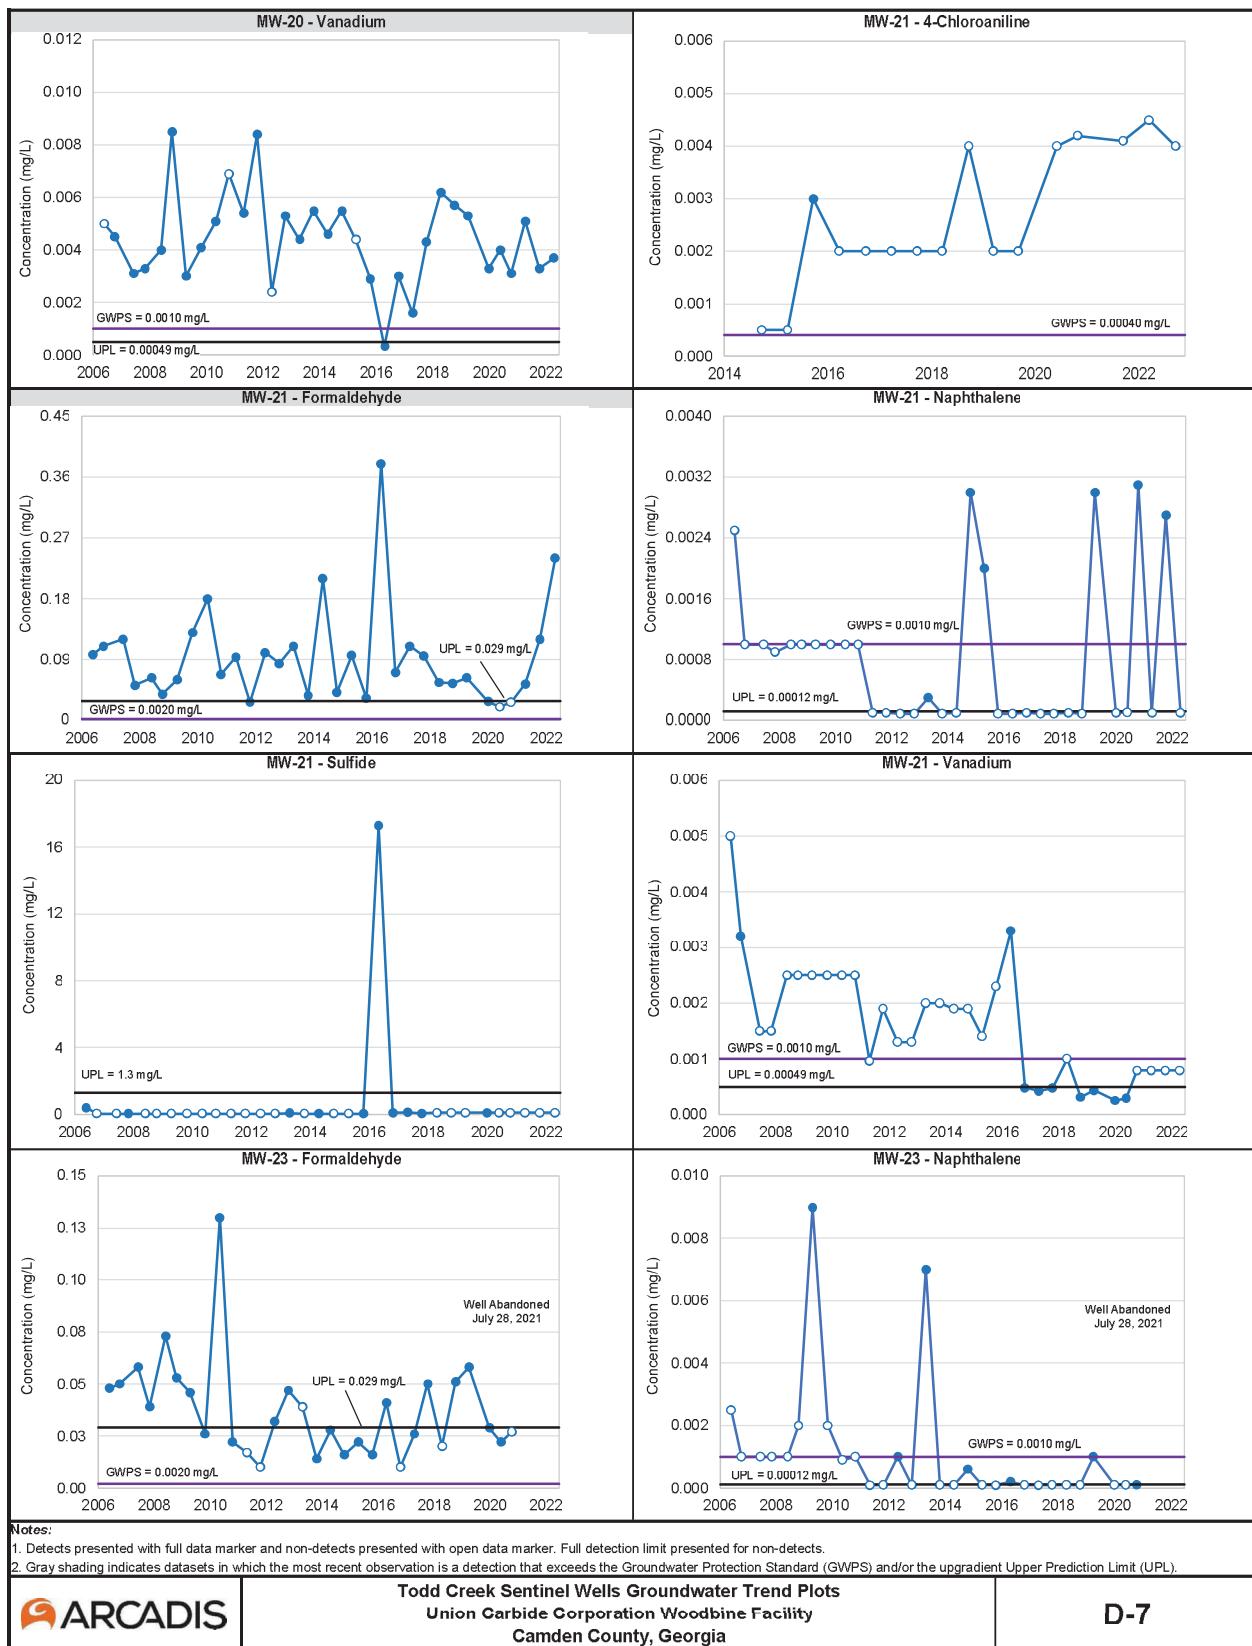

- Detects presented with full data marker and non-detects presented with open data marker. Full detection limit presented for non-detects.
- Gray shading indicates datasets in which the most recent observation is a detection that exceeds the Groundwater Protection Standard (GWPS) and/or the upgradient Upper Prediction Limit (UPL).
