MEMORANDUM

TO: Board of Natural Resources

FROM: Richard E. Dunn, Director 
Environmental Protection Division

SUBJECT: Action on Proposed Amendments to the Rules for Air Quality Control,
Chapter 391-3-1, Pertaining to Existing Municipal Solid Waste Landfills

I request the Board's consideration of the following rule revisions:

Rules for Air Quality Control, Chapter 391-3-1

Rule 391-3-1-.02(2)(ggg), "Existing Municipal Solid Waste Landfills," is being revised to incorporate the new federal emission standards for existing municipal solid waste landfills.

Please find enclosed for your review and consideration:

	Page No.
➤ Synopsis and Statement of Rationale for the proposed amendment to Rules for Air Quality Control;	B-2
➤ Notice of Public Hearing issued July 1, 2021;	B-3
➤ Memorandum summarizing comments on the proposed revision;	B-5
➤ Memorandum regarding the economic impacts of the proposed amendment on small businesses and the regulated community;	B-6
➤ Proposed amendment to the Rules for Air Quality Control showing deletions with strikeouts and additions with <u>underlines</u> ; and	B-8
➤ A proposed resolution for adopting the amendment to the rules.	B-13

I recommend adoption of the proposed amendments as presented.

**SYNOPSIS OF
PROPOSED AMENDMENTS TO THE RULES OF THE
DEPARTMENT OF NATURAL RESOURCES
ENVIRONMENTAL PROTECTION DIVISION
AIR QUALITY CONTROL, CHAPTER 391-3-1**

Rule 391-3-1-.02(2)(ggg), “Existing Municipal Solid Waste Landfills,” is being amended.

Purpose: This rule is being revised to incorporate the new federal emission standards for existing municipal solid waste landfills.

Main Features: 40 CFR Part 60, Subpart Cf (Emission Guidelines and Compliance Times for Existing Municipal Solid Waste Landfills) was promulgated on August 29, 2016. This revision is to adopt and add the new federal rule to 391-3-1-.02(2)(ggg).

**STATEMENT OF RATIONALE
Rules for Air Quality Control**

Rule 391-3-1-.02(2)(ggg) – Existing Municipal Solid Waste Landfills.

The basis of this rule is to set emission guidelines for municipal solid waste landfills. On August 29, 2016, EPA promulgated Emission Guidelines and Compliance Times for Existing Municipal Solid Waste Landfills; 40 CFR Part 60, Subpart Cf (81 FR 59276). The purpose of this revision is to incorporate by reference the new federal rule.

These revisions are in no way any more restrictive than the federal requirements. They do not incur any additional costs to the regulated industry, local government, or public other than those required to meet the federal rule.

**DEPARTMENT OF NATURAL RESOURCES
ENVIRONMENTAL PROTECTION DIVISION**

**NOTICE OF PUBLIC HEARING AND PROPOSED AMENDMENTS
TO GEORGIA'S RULES FOR AIR QUALITY CONTROL
CHAPTER 391-3-1**

TO ALL INTERESTED PERSONS AND PARTIES:

Notice is hereby given that, pursuant to the authority set forth below, the Environmental Protection Division (hereinafter, "EPD") of the Georgia Department of Natural Resources proposes Amendments to Georgia's Rules for Air Quality Control, Chapter 391-3-1 (hereinafter, "the proposed Air Rule Amendments"). The Director of EPD certifies that the amendments to rule 391-3-1-.02 are required to implement Section 111(d) of the Federal Clean Air Act. The proposed Air Rule Amendments are described below:

Rule 391-3-1-.02(2)(ggg), "Existing Municipal Solid Waste Landfills," is being revised to incorporate by reference 40 CFR Part 60, Subpart Cf, the federal emission standards for existing municipal solid waste landfills.

This notice, together with an exact copy of the proposed Air Rule Amendments, a synopsis, and a statement of rationale of the rule revisions, is being provided to all persons who have requested in writing that they be placed on a notification list. These documents may be viewed at <https://epd.georgia.gov/chapter-391-3-1-air-quality-control> or by appointment only during the COVID-19 pandemic at the Georgia Environmental Protection Division, Air Protection Branch, 4244 International Parkway, Suite 104, Atlanta, Georgia 30354. To set an appointment, email askepd@dnr.ga.gov with your name, email and phone number and an associate will reach out to you. Copies may also be requested by contacting James Boylan, James.Boylan@dnr.ga.gov or the Environmental Protection Division Director's Office at askepd@dnr.ga.gov.

To provide the public an opportunity to comment upon and provide input into the proposed Air Rule Amendments, a public hearing will be held at 3:00 p.m. on August 2, 2021. In accordance with EPD's safety precautions regarding the COVID-19 virus and in keeping with the Governor's Declaration of a Public Health State of Emergency, EPD will be hosting this public hearing via Zoom. Zoom is a free web conferencing platform that also allows participation by phone.

To log into the public hearing on your computer, please click this link or copy and paste it into your browser to join the meeting:

<https://gaepd.zoom.us/j/98027455444?pwd=RUVPNGZzSCtLU1JucGdEMWljdDNsdz09>

To ensure that you are ready to participate when the meeting begins, we recommend that you download Zoom in advance. Zoom can be found here: <https://zoom.us>

To dial in by phone, please call this number: 888-788-0099 (Toll free). When prompted, enter

the Meeting ID and/or Passcode shown below.

The meeting ID is 980 2745 5444

Password: 784762

Please note that if you choose to participate by phone, your phone number may be visible to other meeting attendees.

During the hearing, anyone may present data, make a statement, comment, or offer a viewpoint or argument either orally or in writing. Oral statements should be concise. Lengthy statements or statements of a considerable technical or economic nature, as well as previously-recorded messages, must be submitted in writing for the official record.

Written comments are welcomed. To ensure their inclusion in EPD's package for the Board of Natural Resources, written comments should be received by close of business on August 9, 2021. Written comments may be emailed to EPDComments@dnr.state.ga.us or sent via regular mail addressed to: Branch Chief, Air Protection Branch, 4244 International Parkway, Suite 120, Atlanta, Georgia, 30354.

The proposed Air Rule Amendments will be considered for adoption by the Board of Natural Resources at its meeting at 9:00 a.m. on Tuesday, September 28, 2021. The meeting will be open to the public and held at the Red Top Mountain State Park Visitor Center located at 50 Lodge Road, SE, Acworth, GA 30102. In accordance with necessary safety precautions regarding the COVID-19 virus, members of the public may access the meeting online or by phone using the Zoom platform. The options for online or phone access will be posted on the Board's website under the "DNR Board Menu" header here: <https://gadnr.org/board>.

The proposed Air Rule Amendments are proposed for adoption pursuant to authority contained in the Georgia Air Quality Act (O.C.G.A. Section 12-9-1 et. seq.). For further information, contact James Boylan, (470) 524-0697 at the Air Protection Branch.

September 9, 2021

MEMORANDUM

To: Richard E. Dunn, Director
Environmental Protection Division

From: Karen Hays, Chief
Air Protection Branch

Subject: Responses to Comments Received During the Public Comment Period Regarding
Proposed Revisions to the Rules for Air Quality Control, Chapter 391-3-1,
Pertaining to Existing Municipal Solid Waste Landfills

On July 1, 2021, EPD issued a public notice requesting comments on proposed revisions to the Georgia Rules for Air Quality Control, Chapter 391-3-1. The proposed changes included the following rule:

- **Rule 391-3-1-.02(2)(ggg), “Existing Municipal Solid Waste Landfills,”** is being revised to incorporate the new federal emission standards for existing municipal solid waste landfills.

A public hearing was held at 3:00 p.m. on August 2, 2021, via Zoom, a free web conferencing platform that also allows participation by phone. The public comment period ended August 9, 2021. No comments were received for this rule revision.

September 9, 2021

MEMORANDUM

TO: Richard E. Dunn, Director
Environmental Protection Division

FROM: Karen Hays, Chief
Air Protection Branch

SUBJECT: Economic Impact of Proposed Amendments to the Rules for Air Quality Control,
Chapter 391-3-1, Pertaining to Existing Municipal Solid Waste Landfills

The Administrative Procedures Act requires that, in the formation and adoption of any rules which will have an economic impact on businesses in the State, the agency reduce the economic impact of the Rule on small businesses which are independently owned and operated and are not dominant in their field and employ 100 employees or less. The statute specifically requires that one or more of the following actions be implemented when it is legal and feasible in meeting the stated objectives of the statutes which are the basis of the proposed rule in reducing the economic impact. These four actions are:

- a. Establishing different requirements or reporting requirements or timetables for small businesses;
- b. Clarifying, consolidating or simplifying the compliance and reporting requirements under the rules for small businesses;
- c. Establishing performance rather than design standards for small businesses; or
- d. Exempting small businesses from any or all requirements of the rules.

The Georgia Environmental Protection Division (EPD) is proposing amendments to the Rules for Air Quality Control, Chapter 391-3-1 (Air Rules). The proposed rule amendments include the following:

Rule 391-3-1-.02(2)(ggg), “Existing Municipal Solid Waste Landfills,” is being revised to incorporate the new federal emission standards for existing municipal solid waste landfills.

In consideration of the four actions required in the State statute for the proposed changes to the Air Rules, we offer the following comments on the proposed rule amendments:

1. Different compliance or reporting requirements for small businesses:
This issue is not germane for the proposed rule changes.
2. Consolidate and/or simplify compliance or reporting requirements for small businesses:
This issue is not germane for the proposed rule changes.
3. Performance rather than design standards for small businesses:
This issue is not germane for the proposed rule changes.
4. Exemptions for small businesses:
This issue is not germane for the proposed rule changes.

In addition, the Administrative Procedures Act requires that “...in the formulation and adoption of any rule, an agency shall choose an alternative that does not impose excessive regulatory costs on any regulated person or entity which costs could be reduced by a less expensive alternative that fully accomplishes the stated objectives of the statutes, the basis of the proposed rule.

The proposed rules are required to comply with federal requirements or are administrative in nature. Therefore, they do not impose excessive regulatory costs on any regulated person or entity, which costs could be reduced by a less expensive alternative that fully accomplishes the stated objectives of the Georgia Air Quality Act.

KH:tv

PROPOSED AMENDMENTS TO THE RULES OF THE
DEPARTMENT OF NATURAL RESOURCES
ENVIRONMENTAL PROTECTION DIVISION
AIR QUALITY CONTROL, CHAPTER 391-3-1

The Rules of the Department of Natural Resources, Chapter 391-3-1, Air Quality Control are hereby amended, added to, repealed in part, revised, as hereinafter explicitly set forth in the attached amendments, additions, partial repeals, and revisions for specific rules, or such subdivisions thereof as may be indicated.

[Note: Underlined text is proposed to be added. Lined-through text is proposed for deletion.]

Rule 391-3-1-.02(2)(ggg), “Existing Municipal Solid Waste Landfills,” is amended to read as follows:

(ggg) Existing Municipal Solid Waste Landfills.

1. The provisions of this subsection apply to each existing municipal solid waste landfill that commenced construction, reconstruction or modification before May 30, 1991 and has accepted waste at any time since November 8, 1987, or has additional design capacity available for future waste deposition. Physical or operational changes made to an existing municipal solid waste landfill solely to comply with this subsection are not considered construction, reconstruction, or modification and would not subject an existing municipal solid waste landfill to the requirements of 391-3-1-.02(8)(b)72. which are the Federal New Source Performance Standards for Municipal Solid Waste Landfills.

2. Definitions of all Terms used, but not defined in this subsection, have the meaning given them in 40 CFR Part 60 Subpart WWW, as amended. Terms not defined therein shall have the meaning given them in the federal Clean Air Act, the Georgia Air Quality Act or 40 CFR Part 60 Subparts A and B.

(i) The word “Administrator” as used in regulations adopted in this subsection shall mean the Director of the Georgia Environmental Protection Division.

3. For the purposes of implementing the requirements and provisions of the Emission Guidelines of 40 CFR 60 Subpart Cc for Existing Municipal Solid Waste Landfills, each existing municipal solid waste landfill meeting the conditions of paragraph 1. of this subsection shall comply with all of the applicable standards, requirements and provisions of 40 CFR Part 60 Subpart WWW, as amended, which is hereby incorporated and adopted by reference with the exceptions as follows:

(i) Standards for air emissions from municipal solid waste landfills. The FR 60.752 apply as stated therein with the exception of the following:

(I) In lieu of 40 CFR 60.752(a)(2), the following provision applies:

When an increase in the maximum design capacity of a landfill exempted from the provisions of 40 CFR 60.752(b) through 40 CFR 60.759 on the basis of the design capacity exemption in 40 CFR 60.752(a) results in a revised maximum design capacity equal to or greater than 2.5 million megagrams and 2.5 million cubic meters, the owner or operator shall comply with the provision of 391-3-1-.02(8)(b)72. which are the Federal New Source Performance Standards for Municipal Solid Waste Landfills.

(II) In lieu of 40 CFR 60.752(b)(2)(i)(B), the following provision applies:

The collection and control system design plan shall include any alternatives to the operational standards, test methods, procedures, compliance measures, monitoring, recordkeeping or reporting provisions of 40 CFR 60.753 through 40 CFR 60.758 proposed by the owner or operator. In addition, the collection and control system design plan must specify: (1) the date by which contracts for control system/process modifications shall be awarded, (which shall be no later than 20 months after the date the NMOC emissions rate is first calculated to meet or exceed 50 megagrams per year); (2) the date by which on-site construction or installation of the air pollution control devices(s) or process changes will begin (which shall be no later than 24 months after the date the NMOC emissions rate is first calculated to meet or exceed 50 megagrams per year); and (3) the date by which the construction or installation of the air pollution control devices(s) or process changes will be complete.

(III) In lieu of 40 CFR 60.752(c)(1) and (c)(2) which establishes the date that a landfill is subject to 40 CFR Parts 70 and 71, the following date applies:

I. June 23, 1997.

(ii) Operational standards for collection and control systems. The provisions of 40 CFR 60.753 apply as stated therein.

(iii) Test methods and procedures. The provisions of 40 CFR 60.754 apply as stated therein with the exception of 40 CFR 60.754(c), which does not apply.

(iv) Compliance provisions. The provisions of 40 CFR 60.755 apply as stated therein.

(v) Monitoring of operations. The provisions of 40 CFR 60.756 apply as stated therein.

(vi) Reporting requirements. The provisions of 40 CFR 60.757 apply as stated therein with the exception of the following:

(I) In lieu of 40 CFR 60.757(a)(1), (a)(1)(i) and (a)(1)(ii), the following provision applies:

The initial design capacity report shall be submitted by October 1, 1997.

(II) In lieu of 40 CFR 60.757(b)(1)(i), (i)(A) and (i)(B), the following provision applies:

The initial NMOC emission rate report shall be submitted by October 1, 1997 and may be combined with the initial design capacity report required in 40 CFR 60.757(a). Subsequent NMOC emission rate reports shall be submitted annually thereafter, except as provided for in 40 CFR 60.757(b)(1)(ii) and 40 CFR 60.757(b)(3).

(vii) Recordkeeping requirements. The provisions of 40 CFR 60.758 apply as stated therein.

(viii) Specifications for active collection systems. The provisions of 40 CFR 60.759 apply as stated therein.

4. Subparagraphs 1. through 3. are applicable PRIOR to the approval of Georgia's state plan implementing the revised Emission Guidelines for existing Municipal Solid Waste (MSW) Landfills (40 CFR Part 60 Subpart Cf).

5. Subparagraphs 6. through 8. are applicable AFTER the approval of Georgia's state plan implementing the revised Emission Guidelines for existing Municipal Solid Waste (MSW) Landfills (40 CFR Part 60 Subpart Cf).

6. The provisions of this subparagraph apply to each existing municipal solid waste landfill that commenced construction, reconstruction or modification on or before July 17, 2014 and has either accepted waste at any time since November 8, 1987 or has additional design capacity available for future waste deposition. Physical or operational changes made to an existing municipal solid waste landfill solely to comply with this subparagraph are not considered construction, reconstruction, or modification and would not subject an existing municipal solid waste landfill to the requirements of 391-3-1-.02(8)(b)89., 40 CFR Part 60 Subpart XXX Standards of Performance for Municipal Solid Waste Landfills That Commenced Construction, Reconstruction, or Modification After July 17, 2014.

7. Definitions of all Terms used, but not defined in subparagraphs 6. through 8., have the meaning given them in 40 CFR Part 60 Subpart Cf. Terms not defined therein shall have the meaning given them in the federal Clean Air Act, the Georgia Air Quality Act or 40 CFR Part 60 Subparts A and B.

(i) Except as noted, the word "Administrator" as used in regulations adopted by reference in subparagraphs 6. through 8. shall mean the Director of the Georgia Environmental Protection Division. For 40 CFR 60.30f(c), 40 CFR 60.35f(a)(5) and 40 CFR 60.38f(j) the word "Administrator" shall mean the Administrator of the EPA.

8. For the purposes of implementing the requirements and provisions of the Emission Guidelines of 40 CFR Part 60 Subpart Cf for Existing Municipal Solid Waste Landfills, each existing municipal solid waste landfill meeting the conditions of subparagraph 6. shall comply with all of the applicable standards, requirements and provisions of 40 CFR Part 60 Subpart Cf, which is hereby incorporated and adopted by reference with the exceptions as follows:

(i) The requirements of the State to incorporate the provisions into an approvable state plan, and

(ii) The provisions of 60.30f.

(iii) In lieu of 40 CFR 60.33f(d)(2), the following provision applies:

When an increase in the maximum design capacity of a landfill exempted from the provisions of 40 CFR 60.33f through 40 CFR 60.40f on the basis of the design capacity exemption in 40 CFR 60.31f results in a revised maximum design capacity equal to or greater than 2.5 million megagrams and 2.5 million cubic meters, due to reconstruction or modification, that was commenced after July 17, 2014, then the owner or operator shall comply with the provision of 391-3-1-.02(8)(b)89., 40 CFR Part 60 Subpart XXX Standards of Performance for Municipal Solid Waste Landfills That Commenced Construction, Reconstruction, or Modification After July 17, 2014.

(iv) In lieu of 40 CFR 60.38f(d)(2), the following provision applies:

(I) The collection and control system design plan shall include any alternatives to the operational standards, test methods, procedures, compliance measures, monitoring, recordkeeping or reporting provisions of 40 CFR 60.34f through 40 CFR 60.39f proposed by the owner or operator. In addition, the collection and control system design plan must specify:

I. The date by which contracts for control system/process modifications shall be awarded, which shall be no later than 20 months after the date the NMOC emissions rate is first reported to meet or exceed 34 megagrams per year, or the date the NMOC emissions rate is first reported to meet or exceed 50 megagrams per year for a landfill in the closed landfill subcategory, or the date when a surface emission concentration of 500 parts per million methane or greater is reported if conducting Tier 4 surface emissions monitoring;

II. The date by which on-site construction or installation of the air pollution control device(s) or process changes will begin which shall be no later than 24 months after the date the NMOC emissions rate is first reported to meet or exceed 34 megagrams per year, or the date the NMOC emissions rate is first reported to meet or exceed 50 megagrams per year for a landfill in the closed landfill subcategory, or the date when a surface emission concentration of 500 parts per million methane or greater is reported if conducting Tier 4 surface emissions monitoring; and

III. The date by which the construction or installation of the air pollution control device(s) or process changes will be complete.

(II) Operational standards for collection and control systems. The provisions of 40 CFR 60.34f apply as stated therein.

(III) Test methods and procedures. The provisions of 40 CFR 60.35f apply as stated therein.

(IV) Compliance provisions. The provisions of 40 CFR 60.36f apply as stated therein.

(V) Monitoring of operations. The provisions of 40 CFR 60.37f apply as stated therein.

(VI) Reporting requirements. The provisions of 40 CFR 60.38f apply as stated therein. Except as provided in 7.(i) and 8.(iv).

(VII) Recordkeeping requirements. The provisions of 40 CFR 60.39f apply as stated therein.

(VIII) Specifications for active collection systems. The provisions of 40 CFR 60.40f apply as stated therein.

Authority: O.C.G.A. Section 12-9-1 et seq., as amended.

A RESOLUTION

**Adopting Amendments to the
Rules for Air Quality Control, Chapter 391-3-1**

- WHEREAS, the Board adopted, under the authority of The Georgia Air Quality Act, O.C.G.A. 12-9-1, et seq., the Rules for Air Quality Control, Chapter 391-3-1, which became effective on September 26, 1973, and were last amended effective on June 30, 2021; and
- WHEREAS, the United States Environmental Protection Agency (EPA) requires that the various Rules for Air Quality Control, Chapter 391-3-1, be modified, as to their coverage and requirements, in order for Georgia to retain Federal approval under the Clean Air Act (CAA); and
- WHEREAS, the proposal for the amendments to the Rules for Air Quality Control, Chapter 391-3-1, has been prepared by staff of the Environmental Protection Division and presented to this Board; and
- WHEREAS, amendments to the Rules for Air Quality Control, Chapter 391-3-1, will revise various portions of Rule 391-3-1-.02, "Provisions. Amended"; and
- WHEREAS, on July 1, 2021, a public notice for the proposed rule amendments was posted on EPD's website and sent to individuals on EPD's mailing list and to Govdelivery.com subscribers, which invited public comment, announced a public hearing to be held on August 2, 2021, and informed the public of the scheduled date for consideration of the proposed amendments by the Board; and
- WHEREAS, no public comments were received in response to the notice or the hearing; and
- WHEREAS, the impact of the adoption of these proposed rule amendments on small businesses in the State has been considered and found to be either minimal or if greater than minimal, unavoidable due to federal requirements and appropriately minimized; and
- WHEREAS, the cost of adoption of the proposed rule amendments upon the regulated community has been considered and found not to impose excessive regulatory costs on any regulated person or entity which costs could be reduced by a less expensive alternative that fully accomplishes the stated objectives of the Georgia Air Quality Act.

NOW, THEREFORE, BE IT RESOLVED THAT the Board of Natural Resources hereby adopts the amendments to the Rules for Air Quality Control, Chapter 391-3-1, as attached hereto and incorporated herein by reference.

Adopted this 28th day of September 2021.

Respectfully submitted by:

ATTEST:

Dee Yancey III, Chairman
Georgia Board of Natural Resources

Dwight Davis, Secretary
Georgia Board of Natural Resources
