Dear Mr. Martin:

The Georgia Environmental Protection Division (EPD) has received the December 2014, 4<sup>th</sup> Semi-Annual Progress Report (February 2014 Report), submitted pursuant to the Georgia Voluntary Remediation Program Act (the Act) O.C.G.A. 12-8-100 by the Johnson Company on behalf of Avery Dennison. After completing a review of the referenced document, EPD has prepared the following comments:

- 1) Please ensure that the next VRP Progress Report compares the conditions at the site to the criteria being used in association with the established point(s) of demonstration and related point(s) of exposure for the site.
- 2) Based on the discussion held during a April 9, 2015, meeting between EPD and site representatives, EPD concurred with a one month extension for the submittal of the June 2015 VRP Progress Report in order to allow the site to compare the recent comprehensive monitoring event data to the compliance criteria established within the initial VRP Application.

Should you have any questions or comments, please contact Mr. Kevin Collins at (404) 657-8660.

Sincerely,

David Brownlee  
Unit Coordinator  
Response and Remediation Program
