WATERSHED PROTECTION BRANCH

April 6, 2026
Advisory Issue Date

City of Quitman/Brooks County
City/County

May 5, 2026
Advisory Close Date

BV-014-26-01
Control Number

SR 76/SR 333 at CS 834/Crawford Street and CSX #636942L
(GPS Coordinates: 30.778554, -83.560367)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch File Room, 2 MLK Jr. Drive, SW, West Tower, Balcony, Suite 418, Atlanta, GA 30334. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Comments may be submitted via e-mail to: EPDcomments@dnr.ga.gov. Comments may also be provided in writing to: Program Manager, Nonpoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1452 East, Atlanta, GA 30334. The words “Buffer Variance Comment”, including the Control Number shown above, should be placed in the e-mail subject line (if sent via e-mail) or on the top of the first page of written comments to ensure that your comments will be forwarded to the appropriate staff.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. § 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(a-k)}: (a) & (h)

Description and Location of Proposed Activity: The proposed project will impact the buffer of Perennial Stream (PS) 1 and Intermittent Stream (IS) 1A (tributaries to Pride Branch). The project will replace the SR 76/SR 333 bridge over the CSX #636942L railroad in Brooks County. The project will impact the state mandated 25-ft buffer within the Withlacoochee Watershed (HUC 03110203). The disturbance will cover 2,028 square feet and include water line removal, culvert replacement, riprap installation, and the installation of Best Management Practices (BMPs).

Name and Address of Permit Applicant: Amber Phillips
Georgia Department of Transportation
Office of Environmental Services
600 W. Peachtree Street, NW, 16th Floor
Atlanta, Georgia 30308

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
