Notice Close Date

BV-033-26-01  
Control Number

Pedestrian Bridge Replacement at Laurel Park  
(GPS Coordinates: 33.9485, -84.5709)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch File Room, 2 MLK Jr. Drive, SW, West Tower, Balcony, Suite 418, Atlanta, GA 30334. Please contact [GORArequest.Water@dnr.ga.gov](mailto:GORArequest.Water@dnr.ga.gov) to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Comments may be submitted via e-mail to: [EPDcomments@dnr.ga.gov](mailto:EPDcomments@dnr.ga.gov). Comments may also be provided in writing to: Program Manager, Nonpoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1452 East, Atlanta, GA 30334. The words “Buffer Variance Comment”, including the Control Number shown above, should be placed in the e-mail subject line (if sent via e-mail) or on the top of the first page of written comments to ensure that your comments will be forwarded to the appropriate staff.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. § 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (a) and (b)

Description and Location of Proposed Activity:

The proposed project features replacement of an existing pedestrian bridge located in Laurel Park in the city of Marietta, Cobb County. Land disturbing activities necessary for this project include bridge demolition, bridge construction, concrete bridge abutment placement, walkway construction, and necessary Best Management Practices (BMPs). The project requires 155 linear feet (3,770 square feet) of disturbance within the buffer of an unnamed tributary to Ward Creek. The site is within the Middle Chattahoochee Watershed (03130002). The disturbed buffer areas will be revegetated with native, multi-trophic riparian species.

Name and Address of Permit Applicant: Rich Deckman  
City of Marietta  
205 Lawrence St NE  
Marietta, Georgia 30060

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
