Notice Issue Date

Columbia County
City / County

January 15, 2021
Notice Close Date

BV-036-20-04
Control Number

Columbia County Water Utility Department
Wynngate Gravity Sanitary Sewer Main – Replacement and Relocation – Phase 1
Pine Ridge Run – Creekwalk Circle, Martinez, GA 30907
(GPS Coordinates: 33.534662, -82.090723 / 33.525708, -82.092876)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Arnetia Murphy at (404) 656-4147 or email arnettia.murphy@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (d)

Description and Location of Proposed Activity:

Continued streambank erosion along Wynngate Tributary has exposed the existing 10" Ø vitrified clay sanitary sewer lines. The proposed project will consist of abandoning-in-place and/or removing existing sanitary sewer lines and installing approximately 3,573 linear feet of 15" Ø PVC and 16" Ø DIP (aerial and jack-and-bore stream crossings) sanitary sewer lines and associated manholes between Pine Ridge Run and Creekwalk Circle in Columbia County. All disturbed areas will be returned to original grade and stabilized with mulching and permanent vegetation and all open-cut trenches will be backfilled and restored to current conditions to the extent practicable. Construction activities will result in approximately 1,159 linear feet total (14,704 square feet total) of buffer disturbances along Wynngate Tributary, a tributary to Reed Creek in the *Middle Savannah Watershed*.

Name and Address of Permit Applicant: Wayne Eubanks
Columbia County Water Utility Department
2140 William Few Parkway, Building A
Grovetown, GA 30813

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
