Description and Location of Proposed Activity:

Applicant proposes to impact 61 linear feet (3,050 ft²) along an unnamed tributary to Mill Branch. Impacts are for permanent fill for road widening. A proposed ditch will capture and convey all drainage previously draining toward this tributary and direct the water to an adjacent perennial stream. The project proposes to widen the existing two lane to a four-lane urban section divided by a raised median, sidewalk and bike lanes. The project begins on SR 388/Horizon South Parkway at 0.05 miles north of Steiner Way.
