Control Number

DeKalb County Department of Watershed Management
Consent Decree – Sanitary Sewer System Improvements – PASARP 5 – 1A – Line 3
Miriam Lane – Glendale Drive, Decatur, GA 30032
(GPS Coordinates: 33.722736, -84.265497 / 33.723483, -84.264336)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Arnettia Murphy at (404) 656-4147 or email arnettia.murphy@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (d)

Description and Location of Proposed Activity:

The proposed sanitary sewer system improvement project will consist of abandoning-in-place and/or removing existing sanitary sewer lines and installing approximately 481 linear feet of 12" Ø DIP Class 350 sanitary sewer lines and associated manholes between Miriam Lane and Glendale Drive in DeKalb County. All disturbed areas will be returned to original grade and stabilized with mulching and permanent vegetation and all open-cut trenches will be backfilled and restored to current conditions to the extent practicable. Construction activities will result in approximately 352 linear feet total (6,407 square feet total) of buffer disturbances along an unnamed perennial stream, a tributary to Shoal Creek, and along Shoal Creek in the *Upper Ocmulgee Watershed*.

Name and Address of Permit Applicant: Kian Baniassad
DeKalb County Department of Watershed Management
4572 Memorial Drive
Decatur, GA 30032

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
