PUBLIC NOTICE
WATERSHED PROTECTION BRANCH

June 29, 2021
Notice Issue Date

College Park / Fulton County
City / County

July 29, 2021
Notice Close Date

BV-060-20-18
Control Number

Lincoln Property Company Southeast
Airport West 500 – Industrial Distribution Facility
Naturally Fresh Boulevard, College Park, GA 30349
(GPS Coordinates: 33.614113, -84.509681)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Arnetia Murphy at (404) 656-4147 or email arnettia.murphy@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (d) and (h)

Description and Location of Proposed Activity:

The proposed project will consist of constructing a new industrial distribution facility and associated infrastructure on approximately 29.3 acres along Naturally Fresh Boulevard in College Park. This project will include an on-site stormwater management system (including a micropool extended detention pond with a *Contech Engineered Solutions, LLC - Cascade Separator*TM (hydrodynamic separator)) and a natural conservation area (3.1 acres total). The proposed project will result in permanent buffer impacts to approximately 275 linear feet total (12,378 square feet total) along three unnamed streams, tributaries to Morning Creek, in the *Upper Flint Watershed*.

Name and Address of Permit Applicant: Denton Shamburger, Senior Vice President
Lincoln Property Company Southeast
3405 Piedmont Road, Suite 450
Atlanta, GA 30305

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
