Control Number

North Valley Property Owners Association, Inc.
North Valley Trail – Chicken Creek – Streambank Stabilization
Dinsmore Road / East Bluff Road, Milton, GA 30004
(GPS Coordinates: 34.148226, -84.307225)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Arnettia Murphy at (404) 656-4147 or email arnettia.murphy@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (a)

Description and Location of Proposed Activity:

Stormwater runoff has caused severe streambank erosion undermining the North Valley Trail – an existing gravel path – along Chicken Creek near Dinsmore Road in Milton. The proposed project will consist of the maintenance of existing storm drain culverts (including riprap outlet protection), grading of the streambank to a more stable slope and integrated bio-engineering practices (including vegetated rock gabions with *Silky Dogwood*, *Black Willow* and *Elderberry* live stakes). This project will result in approximately 674 linear feet total (14,389 square feet total) of buffer disturbances along an unnamed perennial stream, a tributary to Chicken Creek, and along Chicken Creek in the *Etowah Watershed*.

Name and Address of Permit Applicant: David Sprinkle
North Valley Property Owners Association, Inc.
1990 Drummond Pond Road
Milton, GA 30004

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
