WATERSHED PROTECTION BRANCH

August 5, 2022
Notice Issue Date

Fulton County
City/County

September 6, 2022
Notice Close Date

BV-060-22-08
Control Number

Atlanta Beltline Southside Trail seg 4 and 5
(GPS Coordinates: 33.728477, -84.363121)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Arnetta Murphy at (470) 607-2940 or email arnettia.murphy@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. § 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (f)

Description and Location of Proposed Activity:

This project will construct an elevated ramp multi-use trail, with supporting infrastructure, to connect with an existing trail. The plan was designed with minimal buffer disturbance in mind; however, there are unavoidable areas of buffer disturbance due to existing property lines and topography. After construction the streambank will be replanted with multi-trophic native riparian vegetation placed in all practicable locations. The proposed project, planned for 24 months, will result in 145 linear feet (1,262 total ft²) of buffer disturbance located near an unnamed perennial stream in the Upper Ocmulgee Watershed (03070103).

Name and Address of Permit Applicant: Ms. Kimberly Wilson
Atlanta Development Authority
133 Peachtree Street NE, Ste 2900
Atlanta, GA 30303

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
