

ENVIRONMENTAL PROTECTION DIVISION
PUBLIC NOTICE
WATERSHED PROTECTION BRANCH

November 20, 2023
Advisory Issue Date

Liberty and Long Counties
City/County

December 20, 2023
Advisory Close Date

BV-089-23-01
Control Number

US 84 Connector from US 84 to SR 119
(GPS Coordinates: 31.759355, -81.620759)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch File Room, 2 MLK Jr. Drive, SW, West Tower, Balcony, Suite 418, Atlanta, GA 30334. Please contact GORArequest.Water@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Comments may be submitted via e-mail to: EPDcomments@dnr.ga.gov. Comments may also be provided in writing to: Program Manager, Nonpoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1452 East, Atlanta, GA 30334. The words "Buffer Variance Comment", including the Control Number shown above, should be placed in the e-mail subject line (if sent via e-mail) or on the top of the first page of written comments to ensure that your comments will be forwarded to the appropriate staff.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. § 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(a-k)}: (k)(1) & (k)(2)

Description and Location of Proposed Activity:

The proposed project will impact the buffer of Buffered State Water (BSW) A, Open Water (OW) 5, and OW 7. The project will construct a new roadway from US 84 to SR 119 in Liberty and Long Counties. The project will impact the state mandated 25-ft buffer within the Canoochee (HUC 03060203), Altamaha (HUC 03070106), and Ogeechee Coastal (HUC 03060204) Watersheds. The disturbance will cover 13,223 square feet and include clearing and permanent fill for construction access, roadway shoulder and stormwater drainage ditch, and the installation of Best Management Practices (BMPs).

Name and Address of Permit Applicant: Mr. Eric Duff
Georgia Department of Transportation
Office of Environmental Services
600 W. Peachtree Street, NW, 16th Floor
Atlanta, Georgia 30308

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
