March 19, 2020

To Whom it may Concern,

The COVID-19 situation has made travel and gatherings of large numbers of people inadvisable. Based on the recommendations from state and federal authorities, we are cancelling the Industrial Radiography Exam scheduled for April 29, 2020. As far as future testing dates, we will decide once the COVID-19 situation has developed further. We anticipate a short-term extension for State of Georgia cards that are near expiration. If you have a card issued by another state, please contact the issuer. Currently applicants will have a credit to take the exam at a later date. If a refund is required, please contact our offices on an individual basis. Please be patient as details are worked out on both issues, we will keep you informed. If you have any questions, please contact me at 404-362-2675 or gina.hughes@dnr.ga.gov.
