Annual CCR Management and Dust Control Report – Approval  
Submittal ID: 651903**

Dear Mr. Lewis:

The Georgia Environmental Protection Division (EPD) received your Annual CCR Management and Dust Control Report (Report) for the subject site on April 1, 2022. The Report describes operational activities from the previous year to demonstrate compliance with the CCR Management Plan initially approved by the EPD on May 23, 2017. Based on a review of the data submitted, this facility may continue CCR management under the existing plan for one (1) year. An updated annual Report for the 2022 calendar year (i.e., January 1 to December 31, 2022) must be received by EPD no later than April 1, 2023, or you must cease receipt of CCR on May 21, 2023.

If you have any questions regarding this letter, please contact the undersigned.
