**REVISED CERTIFICATION OF COMPLIANCE FOR THE FINAL
COMPLIANCE STATUS REPORT, DATED AUGUST 2017
CORNERS SHOPPING CENTER
MARIETTA, GEORGIA
HSI NO. 10326**

Dear Mr. Metzger:

July 31, 2018

In response to your letter dated March 30, 2018, MSC Naples, LLC, has decided to revise the Certificate of Compliance that was included in the Final Compliance Status Report (CSR) for the Corners Shopping Center site in Marietta (HSI No. 10326). Based on our conversations with MSC Naples and EPD, it was agreed that the risk reduction standard to which the site would be certified is the Type 5 standard. Therefore, the revised "Certification of Compliance" page (attached) states that the groundwater at the site is in compliance with Type 5 Risk Reduction Standards.

Certification of Compliance

I certify under penalty of law that this report and all attachments were prepared under my direction in accordance with a system designated to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Based on my review of this report with respect to the risk reduction standards of the Rules for Hazardous Site Response, Rule 391-3-19-.07, I have determined that the groundwater at the Corners Shopping Center Site is in compliance with Type 5 Risk Reduction Standards.
