Re: Reclassification and Removal of Site from the Hazardous Site Inventory
Diversey Olympic Manufacturing (Former) , HSI# 10435
3051 Olympic Industrial Drive
Smyrna, Georgia 30080; Cobb County

Dear Mr. Perry:

The Georgia Environmental Protection Division (EPD) has reviewed the Compliance Status Report (CSR) dated February 29, 2016, and the Uniform Environmental Covenants (UECs) executed for the above referenced site on July 13, 2015; August 30, 2016; and May 22, 2017. Based on these documents, EPD has determined that the CSR is complete and concurs with your certification of compliance that this site is in compliance with Type 1 risk reduction standards (RRS) for soil and Type 5 RRS for groundwater. Therefore, I am reclassifying this site as a Class III site, and I am removing it from the Hazardous Site Inventory in accordance with Subparagraph 391-3-19-.05(4)(b) of the Rules for Hazardous Site Response (Rules) and §12-8-107(f) of the Voluntary Remediation Program Act (Act) as of the date of this letter. As required by Subparagraph 391-3-19-.06(5)(f) of the Rules, a public notice announcing this determination shall be published in the *Daily Report* no sooner than thirty (30) days after the issuance of this letter.

Pursuant to Activity and/or Use Limitation Condition 4 of the May 22, 2017 UEC, please submit the Annual Property Evaluation Form to EPD by March 30th each year beginning on March 30, 2018. If you have any questions regarding this matter, please contact Allan Nix of the Response and Remediation Program at (404) 657-3935.

Sincerely,

Richard E. Dunn
Director
