Dear Mr. McCarthy:

The Georgia Environmental Protection Division (EPD) has reviewed the April 2017 Voluntary Remediation Program (VRP) Compliance Status Report (CSR) and the May 2018 Revised VRP CSR, submitted for the referenced site pursuant to the Georgia Voluntary Remediation Program Act (the Act), O.C.G.A. 12-8-100. Based upon EPD's review of this document and information in its files, EPD has determined that the CSR is complete and that the above referenced site has met the requirements of the Act. Furthermore, EPD concurs with your certification that the soil at Tax Parcel 6-14-0156-LL0293 is in compliance with site-specific non-residential risk reduction standards as defined in section 12-8-108(5) of the VRP Act and as documented in the VRP CSR. In accordance with Section 12-8-107(g)(2) of the Act, corrective action or certification of compliance for groundwater is not required for this property at this time. Therefore, EPD hereby approves the VRP CSR. With these actions being completed, EPD has determined that Consent Order (CO) EPD-VRP-009 will be terminated in accordance with Condition # 7 of the CO as of the date of this letter.

As required by §391-3-19-.06(5)(f) of the Rules, a public notice announcing this determination shall be published in the Fulton County Daily Report. Should you have any questions, please contact Kevin Collins at 404-657-8610.

Sincerely,

Richard E. Dunn  
Director
