Dear Ms. Wood:

The Georgia Environmental Protection Division (EPD) has reviewed the Voluntary Remediation Program (VRP) Compliance Status Report (CSR) dated October 2015 and the Uniform Environmental Covenant (UEC) executed on April 12, 2016 for the above referenced Property. Based on these documents, EPD has determined that the CSR is complete and concurs with your certification of compliance that this site is in compliance with Type 1 risk reduction standards (RRS) for soil and Type 4 RRS for groundwater. Therefore, I am reclassifying this Property as a Class III site, and I am removing it from the Hazardous Site Inventory in accordance with Subparagraph 391-3-19-.05(4)(b) of the Rules for Hazardous Site Response (Rules) and Subparagraph 12-8-207 (f) of the Georgia Voluntary Remediation Program Act (the Act) as of the date of this letter. As required by Subparagraph 391-3-19-.06(5)(f) of the Rules, a public notice announcing this determination shall be published in the Chatsworth Times.

Pursuant to *Activity and/ or Use Limitation* Condition #4 of the April 12, 2016 UEC, please submit the Annual Property Evaluation Form to EPD by August 31st each year beginning on August 31, 2016. If you have any questions regarding this matter, please contact Ms. Antonia Beavers at (404) 657-0487.

Sincerely,

Judson H. Turner
Director
