Dear Ms. Grier:

The Georgia Environmental Protection Division (EPD) has received the Compliance Status Report (CSR) dated February 17, 2016, and the Certification of Compliance dated February 18, 2016, for the above referenced property. Based on a review of these documents, EPD has determined that the CSR is complete, and in accordance with Section 12-8-108(3) of the Voluntary Remediation Program (VRP) Act concurs that this property is in compliance with Type 1 residential standards for soil and residential standards for groundwater through the use of institutional controls. Therefore, I am removing this property from the Hazardous Site Inventory in accordance with Subparagraph 391-3-19-.05(4)(b) of the Rules for Hazardous Site Response (Rules) and Section 12-8-107(f) of the Georgia VRP Act as of the date of this letter.

As required by Subparagraph 391-3-19-.06(5)(f) of the Rules, a public notice announcing this determination shall be published in *The Savannah Morning News* no sooner than thirty (30) days after the issuance of this letter. If you have any questions regarding this matter, please contact Robin Futch, P.G. of the Response and Remediation Program at (404) 657-8686.

Sincerely,

Richard E. Dunn
