Program Directory

Air Protection Branch 404-363-7000
 Directory Pages 6-8
 Examples of Topics: Air Permits, Air Quality, Air Toxics, Chemicals/Minerals, Radioactive Materials, Vehicle Emissions & Volatile Organic Compound

Land Protection Branch 404 362-2537 or 404-657-8600
 Directory Pages 9-12
 Examples of Topics: Asbestos/Lead Paint, Brownfields, Hazardous Waste, Investigations & Cleanups, Scrap Tires, Solid Waste/Bio-Medical Waste, Surface Mining, TDSFs, USTs & Underground Storage

Watershed Protection Branch 404-463-1511
 Directory Pages 13-16
 Examples of Topics: Agriculture Permits, Dams, Drinking Water, Erosion/Sedimentation, NPDES, Storm Water/Wastewater Regulations, Water Wells & Wetlands

District Offices

Directory Pages	17-19	
Coastal District (Brunswick Office)	(912) 264-7284
East Central District (Augusta Office)	(706) 667-4343
Mountain District (Cartersville Office)	(770) 387-4900
Mountain District (Atlanta Office)	(404) 362-2671
Northeast District (Athens Office)	(706) 369-6376
Southwest District (Albany Office)	(229) 430-4144
West Central District (Macon Office)	(478) 751-6612

LABORATORY OPERATIONS

Mark Tolbert 470-524-0577

mark.tolbert@dnr.ga.gov

EPD Lab Director

- ◆ Laboratories
 - Microbiology, Organics and Receiving -
(Mary Bowman 470-524-0709
mary.bowman@dnr.ga.gov)
- ◆ GC/MS - (Ralph Schulz 470-524-0684
ralph.schulz@dnr.ga.gov)
- ◆ Inorganics - (Venus Singh 470-524-2556
venus.singh@dnr.ga.gov)
- ◆ Metals - (Shene Jones 470-524-0544
shene.jones@dnr.ga.gov)
- ◆ Quality Assurance - (Jeff Moore, 470-524-0706
jeffrey.moore@dnr.ga.gov)

- Conduct chemical and microbiological tests to ensure compliance with state and federal environmental laws and rules.

5804 Peachtree Corners East

Norcross, GA 30092-3403

Phone: (678) 248-7384

Fax: (678) 248-7384

Althea Burnett, Admin Assistant

althea.burnett@dnr.ga.gov

Air Protection Branch

Branch Chief: Jim Boylan, james.boylan@dnr.ga.gov 470-524-0697

Assistant Branch Chief: DeAnna Oser, deanna.oser@dnr.ga.gov 470-524-0541

Office Manager: Talina Zuegel, talina.zuegel@dnr.ga.gov 470-938-3359

4244 International Parkway, Suite 120

Atlanta, GA 30354-3906

Phone/Fax: (404) 363-7000

AMBIENT MONITORING

Jaime Gore 470-524-0495

jaime.gore@dnr.ga.gov

Program Manager

- ◆ Data Analysis Unit - (Janet Aldredge-Byars, janet.aldredge@dnr.ga.gov 470-938-3390)
- ◆ Operations Unit - (Janessa Rowland, Janessa.rowland@dnr.ga.gov 404-217-0945)
- ◆ Meteorology Unit - (Bill Murphey, bill.murphey@dnr.ga.gov 470-322-7095)
- ◆ Quality Assurance Unit - (Farhana Yasmin, Farhana.yasmin@dnr.ga.gov 470-524-0653)
- ◆ Operations Support Unit - (Lynsey Scarbrough, lynsey.scarbrough@dnr.ga.gov 404-783-1466)
- ◆ Operations 2 Unit - (Karl Armstrong, karl.armstrong@dnr.ga.gov 470-303-9702)

- Conduct ambient monitoring for air toxics, volatile organic compounds (VOCs), lead, ozone, sulfur dioxide, carbon monoxide, nitrogen dioxide, particulate matter, and meteorological conditions
- Measure levels of air pollutants throughout the state
- Use data to determine compliance with ambient air quality standards
- Use data to evaluate the need for special controls and to assist with citizen inquiries.
- Air quality forecasting
- Office of the State Climatologist

4244 International Parkway
Suite 120
Atlanta, GA 30354-3906
Phone: (404) 363-7000
Fax: (404) 363-7000

PLANNING & SUPPORT

Elizabeth Munsey 470-251-4736

Elizabeth.munsey@dnr.ga.gov

Program Manager

- ◆ Data and Modeling Unit - Byeong-Uk Kim, byeong.kim@dnr.ga.gov 470-524-0734
- ◆ Planning and Regulatory Development Unit - (Anna Aponte, anna.aponte1@dnr.ga.gov 470-251-2942)
- ◆ Emissions and Control Strategies Unit - (Ruben Gijon-Felix, ruben.gijon-felix@dnr.ga.gov 470-524-0563)

- Develop state implementation plans and air quality rules for attainment of federal air quality standards
- Develop emission control strategies for air quality attainment plans
- Perform atmospheric photochemical grid modeling for air quality planning and air dispersion modeling for permit reviews
- Develop and maintain periodic emission inventories for point sources, area sources, fires (prescribed and wildfires), and on-road and non-road mobile sources

4244 International Parkway
Suite 120
Atlanta, GA 30354-3906
Phone: (404) 363-7000
Fax: (404) 363-7000

MOBILE & AREA SOURCES

Michael Odom 470-524-0535

michael.odom@dnr.ga.gov

Program Manager

- ◆ Vehicle Emissions Inspection/Maintenance Unit - (Pierre Sanon, pierre.sanon@dnr.ga.gov 470-524-0738)
- ◆ Compliance Unit - (Patrick Brand, patrick.brand@dnr.ga.gov 470-251-2534)
- ◆ Officer Todd Binnion, todd.binnion@dnr.ga.gov 470-524-0727

- Implement enhanced vehicle emissions inspection and maintenance program
- Ensure compliance with Stage I gasoline recovery and transport rules
- Address NAAQS nonattainment area issues, including developing and implementing mobile and area control strategies
- Provide criminal environmental law enforcement

4244 International Parkway
Suite 134
Atlanta, GA 30354-3906
Phone: (404) 363-7000
Fax: (404) 363-7000

Air Protection Branch (continued)

Branch Chief: Jim Boylan, james.boylan@dnr.ga.gov 470-524-0697

Assistant Branch Chief: DeAnna Oser, deanna.oser@dnr.ga.gov 470-524-0541

Office Manager: Talina Zuegel, talina.zuegel@dnr.ga.gov 470-938-3359

4244 International Parkway, Suite 120

Atlanta, GA 30354-3906

Phone/Fax: (404) 363-7000

SOLID WASTE MANAGEMENT

William Cook 470-251-2715

william.cook@dnr.ga.gov

Program Manager

- ◆ Permitting Unit - (Keith Stevens, keith.stevens@dnr.ga.gov 470-251-2515)
- ◆ Surface Mining Unit - (Timothy Gilliland, timothy.gilliland@dnr.ga.gov 470-366-1314)
- ◆ Environmental Monitoring - (Beverly Tipton, beverly.tipton@dnr.ga.gov 470-524-5790)

- Review applications and plans for solid waste handling facilities (including landfills, incinerators, materials recovery facilities, compost facilities) and issue permits for solid waste handling facilities
- Conduct compliance inspections for industrial solid waste facilities
- Coordinate Landfill Operator Certification Program
- Review applications, approve surface mining land use plans and issue surface mining permits
- Review and approve bonding requirements for surface mining operations and ensure reclamation of completed mining operations.
- Review remediation plans and analyses of ground water, surface water and methane monitoring at solid waste handling facilities
- Review site suitability reports for solid waste handling facilities
- Review corrective action plans for ground water and methane compliance violations

4244 International Parkway, Suite 104

UNDERGROUND STORAGE TANK MANAGEMENT

Jay Kemberling 470-251-4025

jay.kemberling@dnr.ga.gov

Program Manager

- ◆ Corrective Action Unit I - (Abiola Badru, Abiola.badru@dnr.ga.gov 470-604-9364)
- ◆ Corrective Action Unit II - (Ashley Besaw, Ashley.besaw@dnr.ga.gov 470-604-9503)
- ◆ Regulatory Compliance I - (Shaheer Muhanna, shaheer.muhanna@dnr.ga.gov 470-524-0562)
- ◆ Regulatory Compliance II - (Michael Hester, michael.hester@dnr.ga.gov 470-604-9573)
- ◆ Enforcement Unit - (Teslim Abdul-Kareem, teslim.abdul-kareem@dnr.ga.gov 470-524-0543)

- Conduct compliance inspections and enforcement of regulations for installation, operation, closure, and clean-up of petroleum and hazardous substance underground storage tank (UST) systems
- Enforce spill, overfill, and corrosion protection requirements
- Ensure compliance with Stage I and II gasoline vapor recovery rules at gasoline filling stations
- Ensure annual registrations of operating UST systems
- Review and approve UST closure reports and corrective action plans
- Provide corrective action contractors for cleanup of eligible UST facilities
- Administer the Georgia Underground Storage Tank and Leaking Underground Storage Tank Trust Funds
- Responsible for compliance monitoring and inspections at all USTs located in the 13 county Metro Atlanta air non-attainment area. Inspections include evaluations of compliance with both the underground storage tank rules and air quality rules.

ECO-TIPS – for Georgia's Environment

TO IMPROVE OUR AIR AND REDUCE GLOBAL WARMING:

- ◆ Carpool, a pool, use transit, telework, bike, or walk when possible. Cars are the largest cause of our air pollution in most urban areas of Georgia. When you do use your car, plan ahead and combine trips and errands. If you are buying a new car, choose a fuel efficient and low emitting model.
- ◆ Properly maintain your vehicle and keep tires properly inflated.
- ◆ Limit idling, when possible, avoid quick starts and drive within the speed limit.
- ◆ Refuel cars after 6:00 pm to limit daytime pollution releases and don't top off your tank.
- ◆ Keep lawn equipment and boats tuned up. Do not use lawn mowers and other gas-powered lawn tools on a smog alert day or use electric tools instead.
- ◆ Use electric or natural gas grills instead of charcoal and lighter fluids.
- ◆ Use environmentally safe paints and cleaning products. Delay use of oil-based paints until after 6:00 pm or after smog season.
- ◆ Conserve energy and turn off lights when you aren't using them. Set air conditioners to 78°F or higher or use a fan when possible. When buying a new appliance, think of buying one that is energy efficient. Remember most of the energy we use comes from the burning of fuel. The more energy efficient we are, the less we pollute.

TO CONSERVE OUR WATER AND PREVENT POLLUTION OF RIVERS & STREAMS:

- ◆ Install ultra-low-flow plumbing devices and fixtures. Replace worn out washers on leaky faucets.
- ◆ Take shorter showers. Five minutes or less is probably adequate.
- ◆ Do not use the toilet as a trash can. Each flush uses about 5 gallons.
- ◆ Turn the water off while shaving or brushing teeth. Don't let it run while you're washing your car.
- ◆ Replace leaky toilet valves (a "running toilet" between flushes). You may be losing more than 250 gallons a day.
- ◆ Wash only full loads of clothes and dishes.
- ◆ Don't run the tap to get a cool glass of water.
- ◆ Minimize lawn and garden watering. Water trees, lawns and shrubs slowly to prevent runoff.
- ◆ Participate in a cleanup event (annual river cleanup held each October) or local Adopt-A-Stream program. For information call 1-888-373-5947 (toll free).
- ◆ Buy household products labeled non-toxic, non-phosphorous or water-soluble. Toxic chemicals can harm stream life. Phosphorous can promote excessive growth of weeds and algae.
- ◆ Dispose of trash properly. Styrofoam and plastics can kill fish and wildlife and contaminate water sources.
- ◆ Inspect septic tank system annually. Pump it out every 3-5 years.
- ◆ Do not dispose of solvents, hazardous chemicals or waste in storm or home drains.
- ◆ Use pesticides, herbicides, and fertilizers carefully and sparingly and only when other methods have failed. Do not apply if rain is in the forecast. Remember, anything entering a storm drain goes directly into streams, untreated.
- ◆ When watering lawn and garden, divert garden hoses from paved surfaces onto grass.
- ◆ Do not dump used motor oil or antifreeze down storm drains. Take used motor oil and antifreeze to designated recycling centers.
- ◆ Have your car inspected and maintained regularly. Leakage of fluids will eventually reach the nearest stream.
- ◆ Report any suspicious potential pollutant discharge or illegal dumping activity. Call 1-800-241-4113 (toll free).

TO PROTECT OUR LAND RESOURCES:

- ◆ Choose products and containers that are recyclable. Participate in a community recycling drive or curbside program.
- ◆ Reuse or recycle newspaper, boxes, brown paper bags, packaging peanuts and other packaging materials. Wash and reuse glass and plastic jugs, coffee cans and dairy tubs.
- ◆ Reduce the amount of unnecessary packaging. Buy products that are reusable or packaged in bulk or buy the large economy size.
- ◆ When possible, use rechargeable batteries. This practice will help eliminate toxic metals in soil and ground water.
- ◆ Make sure your vehicle is well maintained and isn't leaking any fluids. Petroleum products can contaminate the soil and ground water.
- ◆ Try using natural household cleansers, such as soap & water, instead of chemical cleansers. If you do need to use products with hazardous components, follow instructions carefully. Any unused portion can be shared with neighbors or donated to businesses and charities or recycled. Do not pour them down the drain or on the ground.
- ◆ Maintain and repair durable products and keep appliances in good working order. Buy high-quality, long-lasting tires, and follow maintenance procedures. This will extend tire life and reduce tire waste.
- ◆ Leave mowed grass clippings on the lawn to decompose and add nutrients to the soil. Start a compost pile with leaves, grass and shrub clippings, and some non-meat food scraps.
