

# GEORGIA

DEPARTMENT OF NATURAL RESOURCES

## ENVIRONMENTAL PROTECTION DIVISION

<http://epd.georgia.gov>

### Program Directory

**Air Protection Branch**

404-363-7000

Directory Pages

5-7

Examples of Topics:

Air Permits, Air Quality, Air Toxics, Chemicals/Minerals, Radioactive Materials, Vehicle Emissions & Volatile Organic Compound

**Land Protection Branch**

404 362-2537 or 404-657-8600

Directory Pages

8-11

Examples of Topics:

Asbestos/Lead Paint, Brownfields, Hazardous Waste, Investigations & Cleanups, Scrap Tires, Solid Waste/Bio-Medical Waste, Surface Mining, TDSFs, USTs & Underground Storage

**Watershed Protection Branch** 404-463-1511

Directory Pages

12-15

Examples of Topics:

Agriculture Permits, Dams, Drinking Water, Erosion/Sedimentation, NPDES, Storm Water/Wastewater Regulations, Water Wells & Wetlands

**District Offices**

Directory Pages

16-18

|   |       |                |
|---|-------|----------------|
| Coastal District (Brunswick Office)     | ..... | (912) 264-7284 |
| East Central District (Augusta Office)  | ..... | (706) 667-4343 |
| Mountain District (Cartersville Office) | ..... | (770) 387-4900 |
| Mountain District (Atlanta Office)      | ..... | (404) 362-2671 |
| Northeast District (Athens Office)      | ..... | (706) 369-6376 |
| Southwest District (Albany Office)      | ..... | (229) 430-4144 |
| West Central District (Macon Office)    | ..... | (478) 751-6612 |

## **Table of Contents**

|                              |       |
|------------------------------|-------|
| Director's Office .....      | 3     |
| Laboratory Operations.....   | 4     |
| Air Protection Branch .....  | 5-7   |
| Land Protection Branch ..... | 8-11  |
| Watershed Protection .....   | 12-15 |
| District Offices .....       | 16-19 |
| Eco Tips .....               | 20    |

## Director's Office

Richard E. Dunn, Director

2 Martin Luther King Jr. Drive, SE  
14<sup>th</sup> Floor East Tower - Suite 1456  
Atlanta, GA 30334-9000

Office: 404-656-4713

Fax: 404-651-5778

|  |              |
|--|--------------|
| John Eunice, Deputy Director                                   | 404-656-4713 |
| Tamara Fischer, Administrative Assistant                       | 404-656-4713 |
| Jim Cooley, Director of District Operations                    | 404-651-7807 |
| Steven Miles, Director of Information Technology               | 470-938-3369 |
| Sara Lips, Director of Community Engagement and Communications | 470-524-0732 |
| Erin Ruoff, Finance Director                                   | 470-524-2791 |
| Dan Roach, Director of Human Resources                         | 404-463-1432 |
| Laura Williams, Director of Legal Services                     | 404-232-7985 |
| Mark Tolbert, Director of Laboratory Operations                | 470-524-0577 |
| Karen Hays, Air Protection Branch Chief                        | 470-524-0680 |

## SOLID WASTE MANAGEMENT

William Cook 470-251-2715

[william.cook@dnr.ga.gov](mailto:william.cook@dnr.ga.gov)

Program Manager

- ◆ Permitting Unit – (Keith Stevens, [keith.stevens@dnr.ga.gov](mailto:keith.stevens@dnr.ga.gov) 470-251-2515)
- ◆ Surface Mining Unit - (Jamie Lancaster, [jamie.lancaster1@dnr.ga.gov](mailto:jamie.lancaster1@dnr.ga.gov) 470-251-2589)
- ◆ Environmental Monitoring - (Beverly Tipton, [beverly.tipton@dnr.ga.gov](mailto:beverly.tipton@dnr.ga.gov) 470-524-5790)

- Review applications and plans for solid waste handling facilities (including landfills, incinerators, materials recovery facilities, compost facilities) and issue permits for solid waste handling facilities
- Conduct compliance inspections for industrial solid waste facilities
- Coordinate Landfill Operator Certification Program
- Review applications, approve surface mining land use plans and issue surface mining permits
- Review and approve bonding requirements for surface mining operations and ensure reclamation of completed mining operations
- Review remediation plans and analyses of ground water, surface water and methane monitoring at solid waste handling facilities
- Review site suitability reports for solid waste handling facilities
- Review corrective action plans for ground water and methane compliance violations

4244 International Parkway  
Suite 104  
Atlanta, GA 30354-3906  
Phone: (404) 362-2537  
Fax: (404) 362-2693

## UNDERGROUND STORAGE TANK MANAGEMENT

Jay Kemberling 470-251-4025

[jay.kemberling@dnr.ga.gov](mailto:jay.kemberling@dnr.ga.gov)

Program Manager

- ◆ Corrective Action Unit I - (Abiola Badrui, [Abiola.badrui@dnr.ga.gov](mailto:Abiola.badrui@dnr.ga.gov) 70-604-9364)
- ◆ Corrective Action Unit II - (Ashley Besaw, [Ashley.besaw@dnr.ga.gov](mailto:Ashley.besaw@dnr.ga.gov) 470-604-9503)
- ◆ Regulatory Compliance I - (Shaheer Muhanna, [shaheer.muhanna@dnr.ga.gov](mailto:shaheer.muhanna@dnr.ga.gov) 470-524-0562)
- ◆ Regulatory Compliance II - (Michael Hester, [michael.hester@dnr.ga.gov](mailto:michael.hester@dnr.ga.gov) 470-604-9573)
- ◆ Enforcement Unit – (Teslim Abdul-Kareem, [teslim.abdul-kareem@dnr.ga.gov](mailto:teslim.abdul-kareem@dnr.ga.gov) 470-524-0543)

- Conduct compliance inspections and enforcement of regulations for installation, operation, closure, and clean- up of petroleum and hazardous substance underground storage tank (UST) systems
- Enforce spill, overfill, and corrosion protection requirements
- Ensure compliance with Stage I and II gasoline vapor recovery rules at gasoline filling stations
- Ensure annual registrations of operating UST systems
- Review and approve UST closure reports and corrective action plans
- Provide corrective action contractors for cleanup of eligible UST facilities
- Administer the Georgia Underground Storage Tank and Leaking Underground Storage Tank Trust Funds
- Responsible for compliance monitoring and inspections at all USTs located in the 13 county Metro Atlanta air non-attainment area. Inspections include evaluations of compliance with both the underground storage tank rules and air quality rules.

# Georgia Environmental Protection Division District Offices

## ECO-TIPS – for Georgia's Environment

### TO IMPROVE OUR AIR AND REDUCE GLOBAL WARMING:

- ◆ Carpool, a pool, use transit, telework, bike, or walk when possible. Cars are the largest cause of our air pollution in most urban areas of Georgia. When you do use your car, plan ahead and combine trips and errands. If you are buying a new car, choose a fuel efficient and low emitting model.
- ◆ Properly maintain your vehicle and keep tires properly inflated.
- ◆ Limit idling, when possible, avoid quick starts and drive within the speed limit.
- ◆ Refuel cars after 6:00 pm to limit daytime pollution releases and don't top off your tank.
- ◆ Keep lawn equipment and boats tuned up. Do not use lawn mowers and other gas-powered lawn tools on a smog alert day or use electric tools instead.
- ◆ Use electric or natural gas grills instead of charcoal and lighter fluids.
- ◆ Use environmentally safe paints and cleaning products. Delay use of oil-based paints until after 6:00 pm or after smog season.
- ◆ Conserve energy and turn off lights when you aren't using them. Set air conditioners to 78°F or higher or use a fan when possible. When buying a new appliance, think of buying one that is energy efficient. Remember most of the energy we use comes from the burning of fuel. The more energy efficient we are, the less we pollute.

### TO CONSERVE OUR WATER AND PREVENT POLLUTION OF RIVERS & STREAMS:

- ◆ Install ultra-low-flow plumbing devices and fixtures. Replace worn out washers on leaky faucets.
- ◆ Take shorter showers. Five minutes or less is probably adequate.
- ◆ Do not use the toilet as a trash can. Each flush uses about 5 gallons.
- ◆ Turn the water off while shaving or brushing teeth. Don't let it run while you're washing your car.
- ◆ Replace leaky toilet valves (a "running toilet" between flushes). You may be losing more than 250 gallons a day.
- ◆ Wash only full loads of clothes and dishes.
- ◆ Don't run the tap to get a cool glass of water.
- ◆ Minimize lawn and garden watering. Water trees, lawns and shrubs slowly to prevent runoff.
- ◆ Participate in a cleanup event (annual river cleanup held each October) or local Adopt-A-Stream program. For information call 1-888-373-5947 (toll free).
- ◆ Buy household products labeled non-toxic, non-phosphorous or water-soluble. Toxic chemicals can harm stream life. Phosphorous can promote excessive growth of weeds and algae.
- ◆ Dispose of trash properly. Styrofoam and plastics can kill fish and wildlife and contaminate water sources.
- ◆ Inspect septic tank system annually. Pump it out every 3-5 years.
- ◆ Do not dispose of solvents, hazardous chemicals or waste in storm or home drains.
- ◆ Use pesticides, herbicides, and fertilizers carefully and sparingly and only when other methods have failed. Do not apply if rain is in the forecast. Remember, anything entering a storm drain goes directly into streams, untreated.
- ◆ When watering lawn and garden, divert garden hoses from paved surfaces onto grass.
- ◆ Do not dump used motor oil or antifreeze down storm drains. Take used motor oil and antifreeze to designated recycling centers.
- ◆ Have your car inspected and maintained regularly. Leakage of fluids will eventually reach the nearest stream.
- ◆ Report any suspicious potential pollutant discharge or illegal dumping activity. Call 1-800-241-4113 (toll free).

### TO PROTECT OUR LAND RESOURCES:

- ◆ Choose products and containers that are recyclable. Participate in a community recycling drive or curbside program.
- ◆ Reuse or recycle newspaper, boxes, brown paper bags, packaging peanuts and other packaging materials. Wash and reuse glass and plastic jugs, coffee cans and dairy tubs.
- ◆ Reduce the amount of unnecessary packaging. Buy products that are reusable or packaged in bulk or buy the large economy size.
- ◆ When possible, use rechargeable batteries. This practice will help eliminate toxic metals in soil and ground water.
- ◆ Make sure your vehicle is well maintained and isn't leaking any fluids. Petroleum products can contaminate the soil and ground water.
- ◆ Try using natural household cleansers, such as soap & water, instead of chemical cleansers. If you do need to use products with hazardous components, follow instructions carefully. Any unused portion can be shared with neighbors or donated to businesses and charities or recycled. Do not pour them down the drain or on the ground.
- ◆ Maintain and repair durable products and keep appliances in good working order. Buy high-quality, long-lasting tires, and follow maintenance procedures. This will extend tire life and reduce tire waste.
- ◆ Leave mowed grass clippings on the lawn to decompose and add nutrients to the soil. Start a compost pile with leaves, grass and shrub clippings, and some non-meat food scraps.
