### **Force Majeure**

Failure of Respondent to complete the requirement(s) of any Condition(s), other than payment obligations, by the deadline(s) specified therein may be excused by EPD if 1) Respondent's failure was caused by a force majeure event, and 2) Respondent complies with all notification requirements in this section. The term "force majeure event" as used herein shall be limited to the following: an act of war (whether declared or not), including an invasion, act of foreign enemies, or terrorism; a strike, lockout, or other labor or industrial blockade or embargo which is not attributable to any unreasonable action or inaction on the part of Respondent; public riot; specific incidents of exceptional adverse weather conditions or natural disasters such as a hurricane, flood, or earthquake; a fire or explosion affecting the Respondent's operations; failure to secure timely and necessary federal, state, or local approvals or permits, provided approvals or permits have been timely and diligently sought; and any other occurrence caused by unforeseeable circumstances beyond the reasonable control of Respondent, as determined by EPD in its sole discretion.

Within seven (7) business days of learning of any force majeure event that may reasonably be expected to cause a deadline to be missed, Respondent shall submit written notice to EPD of the force majeure event, the possible effects and the anticipated length (if known) of any delay. EPD shall review the submission and negotiate with Respondent regarding the length of the proposed extension of deadlines, if any. The Respondent shall exercise due diligence and adopt all reasonable measures to avoid or minimize any delay.

### **Effect of Order**

Respondent consents and the Director executes this Consent Order solely for the purpose of addressing the alleged violations set forth herein. This Consent Order does not relieve Respondent of any obligations or requirements of any statute, rules, permit, or other matter administered by EPD except as specifically authorized herein, which authorization shall be strictly construed. This Consent Order is not a finding, determination, or adjudication of a violation of any state laws, rules, standards and/or requirements, nor does Respondent by consenting to this Consent Order make any admission with respect to any factual allegation contained in this Consent Order or to any liability to any third party.

Unless modified or terminated by a subsequent order, or otherwise specified in writing by the Director, this Order shall be deemed satisfied and terminated upon full, complete, and timely performance of each and every condition set forth herein.

### **Further Enforcement**

Failure by Respondent to comply with any provision of this Consent Order may result in further enforcement action.
