

Georgia EPD Watershed Protection Branch

Georgia Backflow Prevention Assembly Tester Certification Program (GBPAT) Guidance

On June 16, 2021, the Drinking Water Program released a draft Backflow Prevention Assembly Tester Certification Program guidance document for public input. Based on public comments received, the Drinking Water Program has finalized this guidance document with an effective date of September 1, 2021. The final document is now posted on EPD's Drinking Water website, at <https://epd.georgia.gov/watershed-protection-branch/drinking-water>, under the Drinking Water Compliance section of the page.
