SUBJECT: Floyd County – Georgia Power Plant Hammond
Ash Pond AP-4 Dewatered Surface Impoundment
Permit Number 057-025D (CCR)
Minor Modification - Approval

Dear Mr. Boyles:

The Georgia Environmental Protection Division (EPD) received your *Request for Minor Modification to Solid Waste Handling Permit* (Minor Modification) on April 19, 2023 via submittal ID 750581, for documenting existing conditions and erosion/sedimentation improvements for the cover system prior to its planned closure by removal. Based on a review of the information provided, this minor modification is hereby approved.

Please find the approved plan sheets on the Georgia EPD Online System (GEOS) for your records via submittal ID 750581. If you should have any additional questions, please contact me at brian.love@dnr.ga.gov or 470-604-9375.

Sincerely,

Brian Love
Environmental Engineer
Solid Waste Permitting Unit
