Cordele, Georgia 31015

**SUBJECT: Crisp County – U.S. 41S Site 2 MSW Landfill
Permit Number: 040-008D(MSWL)
CCR Management Plan - Approval**

Dear Mr. Gamble:

The Georgia Environmental Protection Division (EPD) received your *Request for Minor Modification to Solid Waste Handling Permit* (Minor Modification) to adopt a Coal Combustion Residuals (CCR) Management Plan on October 4, 2018, with revisions on March 6, March 20, and March 26, 2019. The request is hereby approved.

The approved CCR Management Plan is now part of the facility's Design and Operational Plan, and is therefore made part of the Solid Waste Handling Permit. Operating in compliance with the Permit with respect to CCR management requires strict adherence to the procedures of the approved Plan and requires that CCR received at the facility does not differ from that described in the Plan and is not received in amounts that exceed that given in the Plan.

Under the plan approved today, this facility may receive CCR for one year. An updated CCR Management Plan must be received no later than April 1, 2020 or you must cease receipt of CCR on May 21, 2020.

EPD is returning approved Design and Operational Plan sheets with this approval letter. One copy of plans will be retained here, and one sent to the Southwest District office, for EPD's files. If you have any questions regarding this letter, please contact Chad Hall at (404) 362-4893.

Sincerely,

Chad Hall, PhD, PE
Manager
Solid Waste Permitting Unit

FACILITY Crisp County US41S MSW Landfill PERMIT NO. 040-008D(MSWL)

Pursuant to the requirements of the Georgia Comprehensive Solid Waste Management Act, O.C.G.A. § 12-8-20, et seq. and the Rules of the Georgia Department of Natural Resources, Chapter 391-3-4-.02(4), Solid Waste Management, both as amended, the undersigned hereby:

1. Requests a minor modification as represented in the attached modified D&O Plan, and/or supporting documents; and
2. Certifies that the Permittee is the rightful owner of the facility and can verify that this proposed modification shall conform to all local zoning/land use ordinances; and
3. Certifies that the information is provided in or submitted by the facility Permittee as a part of this request form and modified D&O Plan is true and correct, and if approved, the facility Permittee agrees to comply with provisions of this minor modification to the D&O Plan, provisions of the Act and Rules, and conditions of the Permit.

I. PERMITTEE Crisp County Board of Commissioners
ADDRESS 210 Seventh Street, South PHONE 229-276-2672
CITY Cordele STATE GA ZIP 31015
AUTHORIZED OFFICIAL Carl Gamble
SIGNATURE  DATE September 27, 2018
TITLE Public Works Director
MAILING ADDRESS 125 Eddie Road
CITY Cordele STATE GA ZIP 31015

II. Briefly describe the exact change to be made to the permit conditions and explain why the change is needed:

- **Change:** Allow disposal of CCR material originating at Crisp County Power.
- **Why:** To accept CCR, EPD requires the addition of a CCR Management Plan, in accordance with the rules and guidance document, to include modifying the D&O plans and providing supporting demonstrations.

III. Attached Documents Include:
- cover letter
- plan sheets revised or added by the addition of the CCR Management Plan [Sheets 1, 22, 22A, 31, 32, 33 and 35 of 35] to amend the current set
- a report with the demonstration narrative, calculations, and supporting documents

OCT 04 2018

REQUEST FOR MINOR MODIFICATION TO
SOLID WASTE HANDLING PERMIT

SOLID WASTE

MANAGEMENT PROGRAM

Instructions

This form must accompany all requests by the Permittee requiring a minor modification for the subject facility. Attached modifications of a Design and Operations (D&O) Plan must be factual and complete. This form and supporting documents must be submitted directly to the EPD Regional office to which the facility is assigned. For modifying a D&O Plan, please include three (3) copies of all pertinent sheets. Follow-up submittals require the Permittee to submit a new request form.

APPLICANT TO COMPLETE THE REVERSE SIDE
