Subject: **Extension Request – VRP Compliance Status Report
in Lieu of Status Report No. 5
Former Swift & Co. Meat Processing Plant Site – Moultrie, Georgia
HSI No. 10509**

Dear Mr. Nix:

Amec Foster Wheeler, Inc. on behalf of ConAgra Foods Inc. (successor to the Swift & Company - Moultrie site), is submitting this extension request and notification that a Voluntary Remediation Plan Compliance Status Report (VRP-CSR)) will be submitted in lieu of Status Report No. 5. As you may recall, we have discussed and corresponded regarding the site status, Uniform Environmental Covenant (UEC), vertical delineation, and abandonments of a prior "blank" casing and deep monitoring well MW-27DDDD. Pursuant to the approved VRP, the fall sampling has been completed and progress has been made on vertical extent assessment and the UIC language.

Based on review of the data, current site status, and the path forward, ConAgra will be submitting a VRP-CSR. We are requesting a 60-day extension to complete the CSR with a target submittal date of January 29, 2018.

Should you have any questions, please contact David Smoak at 770-421-3327 or david.smoak@amecfw.com.

Sincerely,

Amec Foster Wheeler Environment & Infrastructure, Inc.
