## **STATEMENT OF RATIONALE**

### **Proposed Amendments to the Rules for Water Well Standards Advisory Council, Department 770**

The majority of the Rules for the Water Well Standards Advisory Council, under Department 770 of Georgia’s rule and regulations, have not been updated since 2006. The Water Well Standards Advisory Council proposes amendments to the rules to refresh them and align them more closely with the Water Well Standards Act, O.C.G.A. §§ 12-5-120 et seq. The proposed amendments include acknowledgement of the Council’s activities regarding certificates for pump contractors, the type of testing that is accepted for licensing and certifications, the Council’s consideration of EPD inspections of licensed well drillers and certified pump contractors, and new definitions for “bona fide business partner,” “full-time employee” and “Notice to Correct.” The proposed amendments incorporate updates, reformatting and clarifications to various rules in Department 770.
