WATERSHED PROTECTION BRANCH

October 5, 2022
Notice Issue Date

Woodstock/Cherokee County
City / County

November 4, 2022
Notice Close Date

BV-028-22-05
Control Number

Brownlee Mixed Use Development
(GPS Coordinates: 34.1010, -84.5115)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch File Room, 2 MLK Jr. Drive, SW, West Tower, Balcony, Suite 418, Atlanta, GA 30334. Please contact GORArequest.Water@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Comments may be submitted via e-mail to: EPDcomments@dnr.ga.gov. Comments may also be provided in writing to: Program Manager, Nonpoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1452 East, Atlanta, GA 30334. The words “Buffer Variance Comment”, including the Control Number shown above, should be placed in the e-mail subject line (if sent via e-mail) or on the top of the first page of written comments to ensure that your comments will be forwarded to the appropriate staff.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. § 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (h)

Description and Location of Proposed Activity:

This project involves the construction of mixed-use development on 12.7 acres. An intermittent stream will be piped and filled to provide the associated infrastructure for this development. Post-Construction Stormwater Best Management Practices will be utilized on-site. The property is located south of Arnold Mill Road and east of Bentley Parkway. The proposed project will result in 357.4 linear feet (18,875 square feet) of buffer disturbance along an unnamed intermittent stream to Rubes Creek in the Etowah Watershed (03150104).

Name and Address of Permit Applicant: Mr. Brian Bloom
Landspan, LLC
1033 Hillcrest Road
Marietta, GA 30062

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
