City / County

May 27, 2022
Notice Close Date

BV-033-22-02
Control Number

The Henry – Mixed Use Development
(GPS Coordinates: 33.888484, -84.466620)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Arnettia Murphy at (404) 656-4147 or email arnettia.murphy@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (h)

Description and Location of Proposed Activity:

This project will develop 3.54 acres of property into a mixed-use development containing retail, office, hotel, and residential spaces. The buffer disturbance will replace an old open water detention pond with underground stormwater detention vaults and a proprietary water quality device. The proposed project will result in 278 total linear feet (17,923 total square feet) of buffer disturbance lasting between 18 and 24 months located near an unnamed tributary to Rottenwood Creek in the Upper Chattahoochee Watershed.

Name and Address of Permit Applicant: Zach Wiegert
Golden Rod Companies
10340 North 84th Street
Omaha, NE 68122

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
