Notice Close Date

BV-033-22-08
Control Number

Atlanta Country Club Improvements
(GPS Coordinates: 33.939886, -84.425820)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Arnettia Murphy at (470) 607-2940 or email arnettia.murphy@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. § 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (f),(h)

Description and Location of Proposed Activity:

This project will renovate portions of a golf course to include cart path realignment impacting two ponds and an intermittent stream. Buffer intrusions are related to piping an intermittent stream and the redesigned practice area requiring a cart path realignment and reshaping of two ponds. Proprietary stormwater controls and infiltration trenches are proposed measures along with stabilization practices consistent with current use. The proposed project will result in approximately 1,163 linear feet (24,310 square feet) of buffer disturbance lasting approximately 2-3 months. The site effects an unnamed intermittent stream to Sope Creek in the Upper Chattahoochee Watershed (03130001).

Name and Address of Permit Applicant: Mr. Scott Lambert
500 Atlanta Country Club Drive
Marietta, GA 30067

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
