Streambank Stabilization/Recreational Viewing Area Replacement  
GPS Coordinates: 34.14, -84.79  
Activity

This notice is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site Plans are available for review and are located in the following EPD office: Watershed Protection Branch 200 Piedmont Avenue, S.W. Suite 418 West Atlanta, Georgia 30334. Please contact Ms. Arnettia Murphy at (404) 656-4157 or e-mail [arnettia.murphy@dnr.ga.gov](mailto:arnettia.murphy@dnr.ga.gov) to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1462 East, Atlanta, Georgia 30334

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(A-K)}: A & F

Description and Location of Proposed Activity:

Applicant proposes to impact 120 linear feet (3,230 ft<sup>2</sup>) of stream buffer of private residential property along the Etowah River. The streambank is currently being eroded due to releases from the Allatoona Dam. The applicant proposes to place riprap with joint plantings of Black Willow stakes to stabilize the bank to provide vegetative protection. The current recreational viewing area will be replaced by a 16'x 16' deck that will be suspended 8' to 10' in the air by 2 columns centered on 2-4'x4' footings. The area underneath the viewing area will contain large stone between 18" minimum and 3' maximum. Project is located at 13 Galway Drive.

Name and Address of Permit Applicant: Mr. Steve Cowart  
13 Galway Drive  
Cartersville, Georgia 30120

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
