

Land Protection Branch Leaching Guidance Issued

The Georgia Environmental Protection Division (EPD) Land Protection Branch (LPB) has developed the following guidance document:

FAQs for Evaluating the Soil-to-Groundwater Pathway

Available on LPB's Technical Guidance page at:

<https://epd.georgia.gov/about-us/land-protection-branch/land-protection-branch-technical-guidance>

This document provides technical guidance for evaluating the soil-to-groundwater migration pathway when such an evaluation is required under the applicable Georgia statutes and regulations administered by the following programs of the Land Protection Branch:

- Hazardous Waste Corrective Action Program
- Hazardous Waste Management Program
- Response and Remediation Program

As part of the guidance development process, LPB solicited input from the public and impacted organizations. The stakeholder input was taken into consideration during preparation of this document.

For site-specific questions, please contact the EPD project officer assigned to the site. For general questions regarding the document, you may contact David Hayes at 404-657-8600.
