

PUBLIC NOTICE

PUBLIC NOTICE NO. 2023-14ML

JULY 31, 2023

The Environmental Protection Division (EPD) has reviewed applications and is considering the issuance, modification, or termination of National Pollutant Discharge Elimination System (NPDES), Land Application System (LAS), and/or Pretreatment permits, Sludge Management Plans, and/or Industrial Pretreatment Programs to the following applicants, subject to specific pollutant limitations and special conditions.

NPDES, LAS, and Pretreatment permits are valid for a maximum of five years. A new application must be submitted 180 days prior to the expiration date of the existing permit, evaluated by EPD, and the draft permit be placed on public noticed for a prescribed period of time.

For proposed new or expanded NPDES point source discharge permits, an antidegradation analysis is conducted. The analysis evaluates whether allowing lower water quality is necessary to accommodate important economic or social development in the area in which the waters are located. In all cases, existing instream water uses and the level of water quality necessary to protect the existing designated use is maintained and protected.

All municipalities must be in compliance with the Georgia Department of Community Affairs (DCA) Service Delivery Strategy (SDS) in order to receive a permit.

EPD issues permits in compliance with the governing regulations and is not involved in local zoning, land use, or property value issues. The issuance or modification of a permit, plan or program does not authorize the facility to violate local ordinances. Please contact your local county or municipal officials for questions or concerns on these issues.

Individual draft permits, applications, supporting documents, and fact sheets are available on EPD's website accessible through the publicly available Georgia EPD Online System (GEOS). A direct link to the draft permit and fact sheet is listed below the individual notice.

For General permits, the draft permit, notice of intent, fact sheet, and supporting documents are accessible through the EPD Watershed Protection Branch Permit and Public Comments Clearinghouse website at the following address: <https://epd.georgia.gov/forms-and-permits/watershed-protection-branch-forms-permits/watershed-protection-branch-permit-and>

For Industrial Pretreatment Programs, new or modified program documents may be available on EPD's website accessible through the Watershed Protection Branch Permit and Public Comments Clearinghouse website at the following address: <https://epd.georgia.gov/forms-and-permits/watershed-protection-branch-forms-permits/watershed-protection-branch-permit-and>

Directions to Access the Georgia EPD Online System (GEOS) Public Portal

1. Navigate to the GEOS homepage:

<https://geos.epd.georgia.gov/GA/GEOS/Public/GovEnt/Shared/Pages/Main/Login.aspx>

2. Find the Public Inquiry Portal link in the middle of the page or navigate directly to:

https://geos.epd.georgia.gov/GA/GEOS/Public/Client/GA_GEOS/Public/Pages/PublicApplicationList.aspx

3. The easiest way to locate the facility and associated documents is to only enter the GEOS submittal ID provided in the public notice.

A screenshot of the GEOS search interface. It shows a search form with the following fields: Submittal No. (102585), Submittal Status: (All), Submitted Date, Permit No., Site Address, City, County, Facility Name, Permit Issued Only (checkbox), Category: Permit/License, Department: (All), Program: (All), App Type: (All), and a Search button.

4. If the GEOS submittal ID was not provided or it's not working, enter the site address or facility name and select "Search" to find a submittal. Note that partial search terms are allowed and encouraged when exact terms including punctuation are not precisely known. Less is more when searching in the GEOS portal. As you can see below, the search results provide the facility name, application information, application type, and the application review status.

A screenshot of the GEOS search results table. The table has columns for Facility, App Info., Type, and Review Status. It shows three results for Industrial Stormwater (GAR050000) NOI / NEE applications.
