Notice Issue Date

Winder / Barrow County
City / County

September 14, 2016
Notice Close Date

BV-007-16-01
Control Number

Fort Yargo State Park – Lake Access Improvements
Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are immediately available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Thais Edwards at (404) 463-2387 or email thais.edwards@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.11 (2)(a-k)}: (a)

Description and Location of Proposed Activity:

The proposed project will consist of widening and lengthening existing concrete boat ramps and constructing new concrete dock abutments and ADA accessible walkways at three sites along Fort Yargo Lake within Fort Yargo State Park. Mitigation for the permanent buffer impacts will consist of planting native riparian shrubs and grasses (including Buttonbush, Winterberry, Virginia Willow, Witch Alder and Wood Oats) adjacent to the boat ramps and dock abutments (3,485 square feet). The proposed project will result in 376 linear feet total (6,675 square feet total) of buffer disturbances along Fort Yargo Lake, a tributary to Marburg Creek in the Upper Oconee Watershed.

Name and Address of Permit Applicant: Brent Vendola
Georgia Department of Natural Resources
Office of Engineering and Construction Services
2 Martin Luther King Jr. Drive, Suite 1352 East
Atlanta, GA 30334

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
