WATERSHED PROTECTION BRANCH

April 26, 2019
Notice Issue Date

Adairsville / Bartow County
City / County

May 28, 2019
Notice Close Date

BV-008-19-01
Control Number

RaceTrac Petroleum, Inc. – Fuel Center and Convenience Store – Adairsville
(Adairsville Highway / Poplar Springs Road, Adairsville, GA 30103)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Clara Davis at (404) 463-2382 or email clara.davis@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (h)

Description and Location of Proposed Activity:

The proposed project will consist of constructing a RaceTrac fuel center and convenience store and the associated infrastructure on approximately 2.76 acres along Adairsville Highway (GA-140) near Poplar Springs Road in Adairsville. This project will include an on-site stormwater management system (including underground detention, Hydro International First Defense[®] High Capacity vortex separators, grass channels and FloGard +PLUS[®] catch basin insert filters). Construction activities will result in 185 linear feet total (15,215 square feet total) of buffer disturbances along an unnamed intermittent stream, a tributary to Oothkalooga Creek in the Oostanaula Watershed.

Name and Address of Permit Applicant: Brian Thornton
Vice President of Real Estate, Engineering and Construction
RaceTrac Petroleum, Inc.
200 Galleria Parkway SE, Suite 900
Atlanta, GA 30339

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
